Banker Charges Before Commission That Tevis, His Associate, Misled Him and Other Stock Owners

SAN FRANCISCO, June 9.—The statement by Clinton E. Worden, banker and capitalist, that he and the other stockholders in the East Shore and Suburban railways had gone blindly into the combine resulting in the incorporation of the United Properties Company on the representation of William S. Tevis, his greatest personal friend; the intimation of Attorney Warren Olney that the deal was saturated with fraud; the soothing and positive assurance of George C. Moore that he believed that all the certificate holders would be taken care of, and the announcement that minority stockholders of the Oakland Traction Company were preparing to bring suit; all these contributed to an interesting session before the Railroad Commission today.

Confounding for a moment at least all of the intervenors who had sought to block the financing of the San Francisco-Oakland and Terminal Railways company, George C. Moore disclosed the fact that his contract with William S. Tevis and R. G. Hanford and his agreement with Frank M. Smith of Oakland provided as far as possible for the complete satisfaction of all claims against the corporation.

Today had been set apart by Commissioner Lashman for the presentation by the intervenors of their objection to the granting of the application of the San Francisco-Oakland and Terminal Railways to be allowed to issue bonds of \$10,000,000.

Attorney Warren Olney, appearing in behalf of Worden, W. S. Ream, H. J. Guthrie & Company, and the other stockholders of the East Shore and Suburban Railways, began by reading his complaint in intervention. He showed that the United Properties company had agreed to give the shareholders in the East Shore and Suburban company a first mortgage five percent gold bond of \$1,000 secured by a trust deed on the United Properties for each ten shares of stock.

On April 1, 1911, according to the allegation, R. G. Hanford accepted the certificate which is purported to entitle their holders to bonds when they should be issued.

Such promises, he charged, were false, and he demanded that the bonds be issued.

The sale of the stock, they further allege, has been rescinded. The claim is set up in lieu of the shares of the East Shore and Suburban, which were sold to the San Francisco-Oakland and Terminal, which were without their knowledge transferred to the Realty Syndicate, and it is proposed now to transfer them to Moore.

WAS HEAVY OWNER After this complaint had been read Worden was called to the stand. He represented that of the 3,380 shares issued by the East Shore and Suburban, all were held by himself and his associates save 925 shares in the hands of W. H. Tevis.

Mr. Worden testified that he and others represented that the bonds which were to be received were given to us in the near future. Tevis asked me to have the stock certificates delivered so as to facilitate the incorporation of the United Properties company, and we turned them over. We were assured that the bonds were to be received within a few days in the open market and that the stock would be less than par.

We understood that the incorporators owned the physical properties themselves and they represented themselves as able to take care of all the outstanding indebtedness, so that these bonds of ours would constitute a first lien.

TOOK HIS WORD "As a banker familiar with conditions, didn't you know that there were \$17,000,000 Key Route bonds outstanding?" inquired Mr. Gavin M. McNab.

"What did you think would be done with them?"

"I didn't know there were those bonds outstanding, or at least so many of them. I took Tevis' word for it," was the reply. "Are you in the habit of taking a man's word on a business deal of this kind?"

"Possibly, yes. If it was my best friend who so represented it."

"I would like to be a friend of yours," said McNab smiling.

"I hope you are, Mr. McNab."

"I am," he answered with the first National Bank and own the Bakersfield National Bank."

"Yes, sir."

"Well you are familiar with bonds. Did you think that all the Key Route bond holders were philanthropists? Didn't you know that railroads have to make improvements and to spend money by way of duty to their constituents? That they are under obligation to the people they serve?"

"We'll admit the obligation but how the Commission..."

New Volcano Spouting Steam

MT. LASSEN GROWS IN MENACE

Last Eruption, in New Crater, Most Violent of Any

Campers Report Jets of Flame; Rangers Become Cautious

BULLETIN.

REDDING, Cal., June 9.—

Mount Lassen, whose volcanic-like activities have been noticed for the past week, was steaming again today. Clouds of steam could be seen issuing from the mountain's crater for many miles around.

Forest Supervisor Rushin says the crater is from six to seven times as large as when the mountain first became active. The forest department scouts the stories of flames issuing from the mountain.

REDDING, June 9.—Daylight brought proof today that the eruption yesterday of the new crater on Mount Lassen was the most violent that has occurred yet. The summit of the peak, which yesterday morning showed bright white, was again covered today by the volcanic ashes poured forth overnight.

Appearances indicate that the volume of ash and scoria from the latest outbreak is far greater than the first outbreak, which covered an area of 100 acres to a depth of a quarter of an inch and has been estimated to have weighed 10,000 tons.

The column of ascending steam from the crater was more plainly visible yesterday from this distance than at any time since the series of disturbances began. It could be seen as far as the mountain itself was distinguishable. At no time.

FOUR AUTOISTS DIE

Prominent Nevadans Killed When Machine Plunges Over Grade.

GOLDFIELD, Nev., June 9.—

Four prominent Knights of Pythias, all of this city, were killed early today in an automobile accident while returning from a meeting of the Goldfield lodge last night at Tonopah.

Dr. E. A. Wheeler, one of the best known physicians of Nevada, who was driving the car, turned out to avoid another machine stalled in the road, skirted the edge of the embankment too close and plunged over.

Dr. Wheeler and Daniel Falvey were pinned under the car and killed outright. Cyrus Rice and Herman Kruger died in a Goldfield hospital. One other passenger escaped with bruises.

He and His Wife Incur Injuries in Automobile Collision.

PALEO, ALTO, June 9.—While returning to San Francisco today with his wife from their country place at Los Gatos, Homer S. King, former president of the Bank of California, was seriously injured in an automobile accident.

Their car, driven by a chauffeur, collided with another car owned by E. J. Pringle, a San Francisco attorney, and also driven by a chauffeur, but carrying no passengers.

Both King and his wife were thrown out. King received a compound fracture of the right leg, possible internal injuries and a severe nervous shock. At the Peninsula Hospital his condition was said to be critical.

Mrs. King, who was tossed thirty-five feet, broke her left arm and was badly shaken up, but is in less danger than her husband.

NEW AUDITORIUM MAY BE USED FOR FREE MOVIE SHOW

The Progress and Prosperity Committee of the Chamber of Commerce will take up at its next meeting the matter of showing free motion pictures at the new Auditorium, on Sunday afternoons.

Members of the committee have discussed the matter for days and hope to formulate some plan whereby the people will be enabled to witness educational pictures free of charge. They propose to produce a certain line of film that will not interfere in any way with the local motion picture business.

One proposition has been advanced by a large number of improvement clubs in Oakland and the matter is now open for active discussion.

ESCAPE WAR TAX

COUNTER PROPOSAL OF AMERICA IS SUBMITTED TO MEDIATORS

Plan Practically Same as Agreed Upon by Delegates

NIAGARA FALLS, June 9.—Mexico will not be asked by the United States to pay war indemnity. The Huerta government has learned through the American delegates that the Wilson government will be content to have set up in Mexico a stable government to succeed Huerta.

An intimation that the United States would demand reparation for the losses sustained at Vera Cruz or expect to be recouped for the enormous expenditures already made in an attempt to pacify Mexico was given to the Mexican delegates soon after the conference opened. This made it easy for the opposing delegates to meet harmoniously. It was responsible largely for the ease with which a general settlement was reached between them and it lent consistency to the American demand that consideration be given to the constitutional cause.

COUNTER PROPOSAL SUBMITTED The mediators submitted today to the Mexican delegates the counter proposals of the American government for the pacification of Mexico. The American plan is with few modifications, the same as that which the mediators and Mexican delegates recently agreed upon and which General Huerta approved. It provides the method of transferring the executive power in Mexico City from the present regime to a new provisional government which shall in a few months conduct elections for President, Vice-President and members of congress.

No names have been agreed upon between the Mexican or American delegates for the new provisional President or his cabinet. In fact neither side has yet named a candidate.

The program of the proceedings is about as follows:

Within a day or two the Mexican plan and the American plan will have been detailed into one and a full conference of all parties will be called.

CONSULT CONSTITUTIONALISTS Final approval is not expected immediately from either party, however, as the mediators will then ask the American delegates to begin to ascertain the attitude of the constitutionalists, the main problem through the Washington government or in any manner the delegates choose. The mediators will take a brief recess in the meantime.

Should there be any suggestions from the constitutionalists the United States government will endeavor to...

SMITH FLAYS ROOT

Senator Criticised in Speech Opposing Canal Tolls Repeal Bill.

WASHINGTON, June 9.—Senator Smith of Michigan resumed his speech in opposition to the Panama canal tolls repeal bill today and criticised Senator Root for favoring repeal of toll exemption and declared the senator helped prepare the first Hay-Pauncefote treaty, which was put to its death by overruling American indignation.

"I wish the senator from New York were here so that I might ask him if he approved of its death," Senator Smith declared.

At that instant Senator Root entered the chamber, and Senator Smith repeated his remark.

"I did approve of its death because it did not afford the United States an opportunity to protect the Panama canal," said Senator Root.

Senator Root added that while he was treaty was submitted to the senate, he had no knowledge of the treaty until it was sent to the senate.

PEACE NEAR IN MEXICAN TROUBLE

Counter Proposal of United States Government is Submitted to Mediators.

arrive at a compromise with them. When an agreement is reached, the results will again be placed before the mediation board and the Huerta delegates. The correspondence between the mediators and the constitutionalists is expected to be brought to an end in another day. The mediators are insisting on their original terms—declaration of an armistice and a declaration of the discussion from international to internal questions. The constitutionalists are willing to meet the mediators on a satisfactory basis as to the latter point, but they are absolutely determined against declaring any armistice.

NO PRESENT PUBLICATION

plenipotentiaries last night that they would make public today their correspondence with the constitutionalists, but word was received today through the American delegates that General Carranza's answer to their latest note already had been despatched to Washington and would be forwarded by Rafael Zubarran. It was decided, therefore, to withhold publication for the present.

No answer from the constitutionalists which does not declare for an immediate armistice will permit them to enter the negotiations. The mediators have taken a firm stand on this point.

A factor in the constitutionalist view is all the military chiefs and leaders over a year ago, signed a pact known as the plan of Guadalupe which provided that the constitutionalists shall take possession of Mexico City by force of arms and establish a provisional presidency. To effect a change in that plan harmonious another conference of chiefs might be necessary and this could not be had, the constitutionalists say unless there was framed in advance a peace plan likely to be satisfactory to all. They think changes in the plan of Guadalupe could be made and the resolution of the chiefs could be means, but they are unwilling to run the risk of an armistice without first having discussed the peace proposals among themselves.

CONSTITUTIONAL MUST APPROVE

Everything that has been advanced by the American delegates in their proposals for peace, according to the constitutionalists, must be approved upon ultimate constitutional approval so that there is a confidence in many quarters that agreement with the constitutionalists will not be a difficult task, even if they do not join in the conflict. The mediators are confident today of reconciling the counter proposals of the American delegates with those of the Mexicans. The Antilla incident is not entirely closed, but it has passed the danger stage and cannot disrupt the proceedings.

The constitutionalists undoubtedly will have a voice in the selection of the man to be provisional president and at least two of their number would occupy the principal portfolios of the new cabinet.

The land and educational questions are simply declarations of principles on which reforms later may be undertaken and does not commit the new government to any definite program.

It is said the entire peace plan is contained in less than 300 words. It sets forth suggestions for the conduct of a fair election and recommends that the new provisional government providing it is set up along the lines agreed upon.

After a long conference between the mediators and the Mexican delegates, it was learned that the counter proposals of the United States were not entirely satisfactory, but the Mexican delegates expressed confidence that in a few more conversations the points of disagreement would be adjusted.

BRYAN VERY HOPEFUL

WASHINGTON, June 9.—Secretary of State Bryan, after a conference with President Wilson on the Mexican situation before the regular cabinet meeting today announced, that both he and the President were hopeful the constitutionalists would participate in the mediation negotiations at Niagara Falls.

The Secretary of State left for New Jersey after making this statement, but it was apparent he was much encouraged over the present prospect for success of the mediation conference. His increased hopes, it is believed here, were based on reports that had reached him from agents of the constitutionalists here who have been in communication with General Carranza at Saltillo.

It was learned that partial reply to the mediators' proposals had been received from the constitutionalist chief by his confidential agent, Rafael Zubarran, that all that remained of the information desired had been received.

DISPOSITION OF CARGO

No word has been received in diplomatic quarters today concerning the disposition of the Antilla's cargo of arms and ammunition bound for Tampico. Though there was an evident expectation that some steps would be taken by the mediators to prevent the landing of these stores, constitutionalists professed to have no information of such a possibility.

At the cabinet meeting today there was a general discussion of the peace proposals submitted by the United States government and forwarded to Niagara Falls.

PASSENGERS PROTECTED.

ON BOARD U. S. S. CALIFORNIA, Mazatlan, Mex., June 9.—By wireless to San Diego, Cal., June 9.—To protect passengers for Mazatlan that arrived today on the Pacific Mail liner Newport from the fire of the Constitutional batteries, Rear Admiral Howland, commander of the California, had them taken ashore in the cruiser's launch. Mail brought by the steamer also was transferred in this manner.

The federal authorities of Mazatlan received and cleared the Newport without delay.

Japanese Minister Adachi, who was detained en route from Mexico City to Mazatlan on the west coast by a torn up section of the railroad at the city of Sayula, has decided to return to the capital, Sayula, which is between Colima and Guadalajara, is in the hands of the Constitutionalists, and a guard from the Japanese cruiser Izumo has been sent to escort Minister Adachi and his party to Guadalajara.

CAN JOIN ARMY

Moved by the plea of 200 starving women, who besought him to end the sufferings of the populace by surrendering the city, the military governor of Mazatlan issued an order today permitting all non-combatants who so desire to vacate their dwellings and join the line of the constitutionalist army which has been besieging the most important port of the Mexican west coast for months.

As the city of Mazatlan has been for some weeks in desperate straits for food, and as its sympathies from the first have been strongly constitutional as occupation by a federal garrison would allow, there is little question that the governor's permission will be seized by a majority of the non-combatants. In return for the ration they will supply to the refugees, they will expect to recruit as many of them as they desire and have arms for. Oregon's army, far outnumbered that of the defenders, but the sea and the superior artillery of the garrison has prevented him from attempting a costly general assault.

TRUTH OF REPORTS DENIED.

DOUGLAS, Ariz., June 9.—A message received here last night by Constitutional Agent Leleiver from Colonel P. E. Calles at Hermosillo denied that any fighting had taken place as had been rumored. The

quiet there and that reports of fighting "had been given to the American press by agents."

Colonel Calles further stated that he was preparing to march on Guadalupe with the third battalion of Sonora in order that he might be

in the final assault on that city and then march on to Mexico City.

Although Colonel Calles reported that he had asked and had been given permission to leave Hermosillo reports from Nogales stated that he had been displaced in command at Hermosillo by Colonel Antonio V. Guerrero.

His statements as to leaving for the south were doubted by many, rumors saying that he intends to organize a counter revolution along the border and attempt to oust Governor Maytorena of Sonora by force of arms.

MUNITIONS AWAITING SHIPMENT

SAN DIEGO, June 9.—Packed and ready for shipment, all of the field artillery of the Mexican garrison of the Northern district of Lower California is piled on the beach at Ensenada awaiting shipment to Mexico City, according to reports brought to San Diego this morning by passengers on the steamer Victoria. It is stated that two or three machine guns have been retained by Gen. Vasquez, the civil and military commander of the northern district. The order to ship the artillery came from Mexico City some time ago. It is stated, but so far lack of means to carry out the order is said to have delayed the movement of the guns.

BLOCKADE SQUADRON VANISHES

TAMPIOCO, June 8. (By way of Brownsville, Tex.), June 8.—President Huerta's so-called blockading squadron, which arrived at Tampico this morning, vanished from view this evening without having an opportunity to establish officially the proposed blockade against this port.

The two Mexican gunboats, the Bravo and the Zaragoza, hoisted anchor and sailed southward at 6 o'clock, accompanied as before by the American cruiser Tacoma and the gunboat Sacramento. Their destination was not stated, but it was supposed to be Coahuilacalcos.

Business Men Protest Hampering Dividend

SALT LAKE CITY, Utah, June 9.—A protest against the Commercial Club traffic bureau's recent action in asking the Governor to investigate the Union Pacific special dividend of \$300,000, with a view to prevent the distribution of the dividend to stockholders of about a hundred businessmen yesterday. A telegram from Chairman R. S. Lovett of the Union Pacific's executive committee, challenging the accuracy of the bureau's conclusions and maintaining that the proposed distribution is wholly in keeping with proper business methods was read at the meeting. The meeting addressed a communication to the Commercial Club demanding that the club repudiate the action of the bureau. The governors of the club formally disclaim jurisdiction over the bureau, which was organized by the club, but is incorporated separately.

KNOWLAND IS ENDORSED RECORD WINS SUPPORT

The candidacy of Congressman Joseph R. Knowland for United States Senator was unanimously endorsed by the Anaheim Republican Club of Anaheim, Orange county, at the last meeting of the organization, according to information received here today.

In making the endorsement, the club favored Knowland, due to his record as a member of Congress and particularly because of his stand on the tariff. Several members of the club spoke of the hardships which had been worked on farming and fruit industries by the present tariff.

Word has also been received that the Teamsters' Union of Stockton has endorsed Knowland for Senator.

Man Commits Suicide After Mauling Woman

NEW YORK, June 9.—A woman who said she was Mrs. Florence Boden of Allentown, Pa., was overtaken by hotel attendants as she ran out of a hotel room early today bleeding from several wounds on the head.

The same attendants rushing back to her room, found a man dying from a bullet wound in his mouth.

The man Mrs. Boden said was the man who had mauling her with the butt of a revolver.

The man died on the way to the hospital and Mrs. Boden was held pending a coroner's examination.

CHINESE STUDENT SHOT IN STREET

His Assailants Escape, Leaving
No Clue of Motive or
Identity.

SAN FRANCISCO, June 9.—Shot down and fatally injured by one of two Chinese who lay in wait for him at 1:30 o'clock this morning, and had evidently deliberately planned his murder, Lee Sing Ching, of 1019 Stockton street, a recent arrival from Hongkong, and a university graduate, is hovering between life and death at the Central Emergency Hospital.

Lee declares that he knows of no reason why anyone should want to kill him out it is thought that his connection with one of the political parties of China was responsible.

Lee had been visiting Tee Lee at 883 Stockton street, and had gone to call on another Chinese friend at the Chinese Hotel, 1017 Stockton street. He found his friends absent and was walking out working at the curb.

ENTERTAINS AT COUNTRY RESIDENCE NEAR DECOTO

DECOTO, June 9.—At a pretty affair held at her country home near this place, Mrs. Richmond T. Kennedy this week entertained a large number of guests from Oakland, Berkeley and the surrounding country. The Oakland and Berkeley visitors were met by automobiles at the end of the Hayward street car line and brought to the ranch.

The affair was in honor of Mrs. E. M. Beard of San Francisco. Cards were received and a banquet and informal dance followed. Among the fortunate ones at cards were Mrs. P. B. Thomas, Mrs. J. T. Harrison and Mrs. Hirschfeld. "Dutch" whist was played.

Among the Oakland guests were present Mrs. A. T. Frick, Mrs. Hirschfeld, Mrs. M. Brennan, Mrs. J. Lockwood, Mrs. C. Ingraham and Mrs. Old. From Berkeley Mrs. W. J. Armstrong, Mrs. T. J. Harrison and others. A number of guests from neighboring towns also enjoyed the afternoon.

EAST TO DEATHBED, RETURN TO FUNERAL

MELROSE, June 9.—Called hurriedly East by the serious illness of the mother of the bridegroom, Mr. and Mrs. R. G. Ferris of Melrose hastily journeyed from Oakland to arrive only in time for the funeral.

Scarcely was this over when they were called to Oakland again, arriving yesterday in time for the funeral of the bride's father, Philip Hardt, who died during their Eastern visit.

The couple were called East in September, when Philip's mother was reported on her death bed. She died before their arrival. At the time they decided to spend some time abroad, but the death of the bride's father cut short these plans.

The late Philip Hardt was a prominent Odd Fellow, well known in fraternal circles in the annexed district.

GLENVIEW CLUB FAVORS JOAQUIN MILLER DRIVE

At a meeting of the Glenview Improvement Club last night, the proposition of laying out a "Joaquin Miller Drive" to be financed by the club, at no expense to the city, was taken up and discussed, with the result that definite plans were formulated. The starting point of the drive will be at the Hotel Oakland, thence out to the Heights through Fourth avenue. It is proposed to erect orange-colored signs along the route for the benefit of tourists and visitors.

Smoked Cigarettes For 22 Years

Habit Was Ruining Him, But He
Conquered It in Three
Days Easily.

The portrait below is that of Mr. P. J. Elizagarray, a well-known citizen of Livingston, Montana, who knew that his life was being ruined through the pernicious habit of cigarette smoking, yet could not find anything to stop it and so the nervous craving until he got the remarkable book that can now be obtained free.

A clergyman, Rev. M. Ross, Darton, Ohio, testifies that after having been a slave to tobacco for years, he got rid of the habit entirely in a few days, greatly improving his health.

QUIT TOBACCO, GAINED 35 POUNDS.
Everybody in Magnolia, Okla., is talking about the big change in Al Reeves, who has put on 35 pounds in the last three weeks, getting rid of the tobacco habit through the information gained in the free book which you may also easily obtain.

That he could not quit was the fear of George Johnson, near St. Louis, Philadelphia, who was a slave of tobacco many years, but after getting the book he learned how the habit could be conquered in three days. Now he writes that he is forever free from the craving and is in much improved health.

BOOK GIVEN FREE.

A valuable, interesting book on how to overcome the tobacco habit (in any form) has been written by Dr. J. Wood, 449 Station E, New York, N. Y., and he will send it free to anyone who writes asking for it, as he is very anxious that all who are victims of the craving for tobacco should be free from it.

VALLEJO NEWS

MARE ISLAND TO

BID ON VESSEL

New Steel Tug for the Army

May Be Made Here,

Reported.

MARE ISLAND, June 9.—The hull department officers received a request from the army quartermaster at San Francisco yesterday to bid on a new steel tug for harbor service in San Francisco bay. The bids are to be opened Thursday, the 25th. The new boat will resemble the Slocum, to some extent and will be 145 feet in length with 29-foot beam.

Chief Carpenter Timothy S. Twigg, U. S. N., reported for duty in the hull department at Mare Island yesterday. He was assigned to duty as material officer, which position was formerly held by Chief Carpenter Robert Morgan, U. S. N. Carpenter Twigg was attached to the yard during the years of 1903 to 1911.

Captain George Whistler, life guard, stationed at San Francisco, has written to Commandant F. M. Bennett, U. S. N., of Mare Island, asking to be allowed to give an exhibition of his "wrecked at sea" life-saving outfit in the local streets. Whistler claims that with the new apparatus a man could propel himself out to a warship at sea and sink the vessel by means of a torpedo or mine.

WILL TAKE TESTS.
MARE ISLAND, June 9.—Lieutenant John S. Lewis, U. S. N., arrived at the navy yard yesterday from the Union Iron Works, San Francisco, to be examined for promotion.

COUPLE TO WED.
VALLEJO, June 9.—Norman McGill of this city and Miss Doris Gisholt of Corvallis, will be married in San Francisco on Wednesday. The marriage will be a quiet affair and will be celebrated only by the immediate relatives of the happy couple.

TO REPRESENT EAGLES.
VALLEJO, June 9.—H. J. Elvin, Eddie Manning, Joseph Cannon and Dan Moran left Sunday for Fort Bragg, where they will represent Vallejo Aeris at the State Aeris session which will be held in that city this week.

POLING TO RECOVER.
VALLEJO, June 9.—According to a report given out by Dr. R. J. Klotz yesterday to have John Poling, the Xapa automobile man who was injured when his machine collided with a Southern Pacific locomotive north of this city a week ago Saturday night, will recover unless unforeseen complications should set in.

MARE ISLAND NOTES
The Mare Island estimators have completed their estimates on the army tender dredger San Pablo, which will be forwarded to the army quartermaster at San Francisco the latter part of the week. The bids are to be opened a week from Thursday.

The target rats will be undocked at the navy yard on Wednesday afternoon and on Thursday the Yerba Buena tug will enter cradle No. 1.

The Omaha board of survey, consisting of Commander Kears, U. S. N., Naval Constructor Van Kuren, U. S. N., and Lieutenant Martfield, met yesterday and spent several hours inspecting the old quarantining ship. It is said that the old vessel is not worth much over \$200.

The yards and docks department dredger has been moved in front of the collier building slip where it will remove some of the mud before the Kanawha is launched.

A number of Mare Island officers will go to San Francisco today to attend a reception which will be tendered to the officers of the Japanese cruisers now anchored in the lower bay.

Orders were received at the navy yard today to have the repair work on the cruiser St. Louis completed by the 11th inst.

Carpenter Frederick Mackie, U. S. N., is reported to be on the sick list at his home in Napa.

The navy collier Justin sails Wednesday for Mexican waters with supplies and coal for the fleet.

CORONER ASKS POLICE
TO ENFORCE AUTO LAW
The police have been asked by Coroner J. L. Tidale to see to it that those under 18 years of age are not permitted to drive automobiles in the streets of this city.

The demand made by the coroner that this law be strictly enforced grew out of the investigation concerning the death of Mrs. Sarah A. Bennett, who was run down Saturday afternoon at Jones and Grove streets by an automobile driven by Edwin Healey, who is only 16 years of age.

As she was carrying an umbrella, when Healey attempted to turn the machine the three slipped on the wet street and the auto struck Mrs. Bennett, causing injuries which resulted in death.

BIG IMMIGRATION FIGURE IS SHOWN

Statistics of Bureau Show the
Large Increase in New
Arrivals.

WASHINGTON, June 9.—Immigrants arrived at American ports at the rate of more than 2900 every week day during the first ten months of the fiscal year of 1914 and indications are that by June 30, when the fiscal year ends, the greatest number of immigrants ever admitted during any year will have been recorded.

Immigration for April and the ten months ending with April show 119,855 were admitted in April and the total for the ten months was 1,038,956. Should May and June arrivals equal the number admitted during those months in previous years, the 1914 total would be approximately 1,251,000 immigrants. The greatest number arriving in one year heretofore was 1,235,249 in 1907.

Immigrants from the south of Italy during the ten months ending with April numbered 38,397. Hebrew immigrants were second in number, there having been 119,624 admitted. Poles were third with 125,574.

Charles E. Ford Named to Succeed Elder B. E. Beddoe at Oakland Church.

Charles E. Ford, formerly pastor of the San Francisco Seventh Day Adventist church, was elected pastor of the Oakland Seventh Day Adventist church at a business meeting of the church, held last night. He succeeds Elder B. E. Beddoe, who has been elected president of the Central California conference, with headquarters at Fresno.

Elder Ford began ministerial labor in the Adventist church at Spokane, Wash., fifteen years ago. For two years he worked in the state of Washington as an evangelist, and for four years was pastor of the Spokane church. He was in charge of the Carr Street Seventh Day Adventist church, in Los Angeles, for three years, and of the San Diego and Pasadena churches, each one year. He labored also at Long Beach and in Utah.

ASSISTANT CITY CLERK ASSISTS FIREMAN ALSO

Assistant City Clerk E. H. Holland discovered a small fire which had started in some refuse in Judge Samuel's chambers, late yesterday afternoon in the city hall.

The blaze was quickly extinguished without the necessity of summoning the fire department or calling the fire alarm. The only damage was some charred woodwork.

PROBATIONER FOUND GUILTY OF FORGERY

George C. Johnson was found guilty of forging a check for \$12.50 by a jury in the Extra Sessions last evening. He will be sentenced Friday.

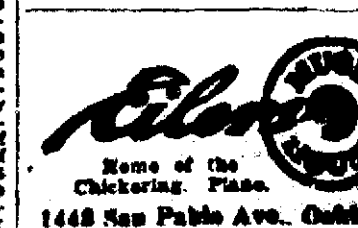

The check was passed by William Noble on Miss Janet van Aulen of Berkeley. Some time ago Noble was placed on probation in the Superior Court for stealing chickens. It was ordered that he not leave Berkeley during his term of servitude to the Court.

THIEVES STEAL BRASS
SAN FRANCISCO, June 9.—The warehouse of the Union Wrecking company was raided by burglars early this morning and brass of the value of \$1500 was carried away. Investigation by the police showed that nothing save the brass was taken.

RECOVERED WITH PNEUMONIA; POLICEMAN MADE WELL WITH AKOZ

Thos. J. Kavanaugh, Veteran
of Department, Praises
New Mineral.

Policeman Thomas J. Kavanaugh, for fifteen years a member of the San Francisco Police Department, one of the most popular and efficient officers attached to the Central Station, is the happiest man on the force, all because Akoz, the wonderful medicine, has restored him to health after four months of suffering from pneumonia. His remarkable recovery enabled him to resume his duties at the end of a month of the Akoz treatment. Officer Kavanaugh tells of his case as follows:

"Last October I had an attack of pneumonia. I tried to stop it, but could not, and finally I was forced to lay off from my duties. The doctors said it was pneumonia, and it would affect my joints and skip from one place to another. I could get no relief from the killing pains. After standing it for two months I had to go to bed. I remained helpless in bed at my home 4352 Eighteenth street, for two months. I was sure that I was going to die."

THOS. J. KAVANAUGH.

REVOLVER TAKEN FROM PATROLMAN'S LOCKER

Investigation is being made of the theft of a revolver from the patrolman's locker room in the city hall. The revolver was taken from Patrolman Keel's locker, and was one of the standard police weapons. Several witnesses belonging to members of the force have disappeared lately from the locker room. The room adjoins the central station and is accessible from the corridors of the city hall. It is supposed that the danger of theft of this character will disappear when the men are given their permanent quarters in the basement of the city hall.

JUVE SNOW AND HAIL HAVE PARIS FREEZING

PARIS, June 3.—Two and a half inches of snow and hail fell in one section of Paris last evening and the spectacle of horses struggling through the snow and hail was amazing. The air had in it a sharp chill, the temperature being 40 degrees Fahrenheit.

Never has Oakland seen so active a campaign for a municipal improvement as the one now being waged day and night for the successful outcome of the second election for the \$500,000 bond issue for the completion of the municipal auditorium to be held on June 12. White ribbons and badges—complete the auditorium—are affixed to the coats of the delegates to the convention. Workers are active in every precinct canvassing the voters from house to house, printed literature appealing to the citizens of the city is being distributed broadcast and the regular meetings of commercial and civic organizations are being turned into open forums for the discussion of the issue.

Public sentiment is decidedly strongly in favor of the bond issue as the best means for completing the structure which is indispensable for the entertainment and housing of the conventions which are to meet in Oakland. The campaign has been carried on by the city fathers, who have been opposed to the increase of the bonded debt of the city have changed their opinion after viewing the auditorium and realizing that it is to be the greatest structure of the kind in the West and that it will be evidence to the public spirit of the citizens who were responsible for its creation.

SMOKERS TONIGHT
Workers of the commercial organizations who are actively prosecuting the campaign and neglecting their personal business for the sake of the community are to assemble this evening at the Hotel Oakland in a smoker and boost meeting as the guests of the Commercial Club. There will be nearly three hundred men present, representative of labor, commercial and civic organizations. There will be a discussion of the details of the closing days of the campaign and general festivity. On Wednesday night the Oakland Chamber of Commerce will hold the first of a series of smokers in the auditorium of its building at Thirteenth and Harrison streets. The Oakland spirit of hearty good fellowship will rule, and the bonds will be foremost in the talks and discussions.

Following the decision reached yesterday, the City Council today adopted a resolution embodying the motto for the creation of an advisory commission of five to watch all

contracts, check all expenditures, inspect plans and keep the public advised of the progress of the work on the auditorium. The commission is to be composed of one member representing the Building Trades Council and Central Labor Council, one for the Merchants' Exchange, Chamber of Commerce and Commercial Club, one for the Oakland Center of the California Civic League, one for the United Improvement Club east of Lake Merritt and the Santa Fe Improvement Club and one for the Alameda County Tax Association. The members are to serve without compensation.

ENDORSE BOND ISSUE.
Resolutions heartily endorsing the bond issue were adopted yesterday afternoon by the Fruitvale Board of Trade. Other organizations in all sections of the city have given their support to the movement.

The West Oakland Tax Payers and Business Men's Association endorsed the assembly hall of the Prescott School last evening to hear speakers from all parts of the city urge a bond issue. Dr. Mabel E. Anthony presented a careful compilation of facts and figures of the cost of the auditorium and other speaking trade updates for the immediate completion of the structure. The association also discussed the improvement of the West Oakland waterfront in which the members are deeply interested. Mr. M. J. O'Brien, secretary of the association, was appointed assistant to Secretary Wines.

Tomorrow evening a mass meeting will be held in Golden Gate Hall at Fortieth and Telegraph with C. A. Sinclair as chairman. The speakers will be E. L. Van der Naillen, W. J. Layman, Ned Sterns and John B. Campbell. Rev. William Keeney Towner will address the Women's Democratic Club at the Hotel Oakland Thursday afternoon at two o'clock.

On Thursday night a meeting will be held at Redmen's Hall on East Fourteenth street between Ninety-fourth and Ninety-sixth avenues with W. E. Gibson and J. P. Montgomery as speakers. The same evening a meeting will take place in Diamond Hall at Hopkins street near Fruitvale avenue. The speakers will be Mrs. Camille Burgemeister, E. L. Van der Naillen, W. E. Gibson and J. P. Montgomery.

A meeting is scheduled for tonight in Judge Turner's chambers at Forty-fifth street. Ed Sterns will act as chairman.

MACK-RAMBEAU
PLAY IS NOVEL

Old Subject Handled in New Way Scores Big Success.

The story of the Poor Working Girl and the Rich Boss who is also Evil—that's about the way George Ade would write it—is an old one. It has been seen on the stage so often that it's become tiresome, and the magazines have started where the stage left off, and have gone farther than actor ever dared to go. Still there's something new to be gotten out of something old, and "Mack and Rambeau" proved this again. So much for "So Much" is the proud Willard Mack wrote the play, and his very clever wife, Marjorie Rambeau, are acting it, and Macdonough audiences are applauding it. Mack has concealed a lesson in the play rather cleverly, but so few Rich Bosses who are Evil—again as George Ade would say—ever see the play that the lesson is the least thing about it. It's the entertainment that there is in it, that counts with the average audience, and there, too, "So Much for So Much" makes good.

Marjorie Rambeau, old Oakland favorite, stepped before the footlights last night to be greeted by many familiar faces and a big bunch of roses, almost the size of herself. Mack wasn't so well known to the Oakland theatergoers, but as the husband of Marjorie he was more than welcome when he made his first entrance, and after he'd spoken two lines he was welcome for his own sake. Besides being a clever writer Mack is more than an exceptionally clever actor, and as Tom Hughes the reporter, he presented a perfect picture of the old-stage "police man" men seen about the central stations of any large city. Marjorie's entrance of plain common, fluid action from any drug store (this is all you will need) apply it at night when retiring; use enough to make the scalp and rub it in gently with the finger tips.

By morning, most, if not all, of your dandruff will be gone and three or four more applications will complete the job. It will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

If you value your hair, you should get it shaved the hair so quickly. It not only starves the hair and makes it fall out, but it makes it crumbly, brittle and dry, brittle and lifeless, and eventually it falls out.

LADIES' AID WILL DEFY "13" JINKS

Working Undismayed for Open-Air Carnival Postponed Until Next Saturday.

In spite of the trick played by the weatherman in producing one of those "rare" days of June, which are good for lawns and alfalfa, and bad for open-air carnivals, the Catholic Ladies' Aid Society has gone on undismayed in their plans for the carnival at Surf Beach, Park Alameda, postponed until next Saturday, June 12. They cheerfully defy the weatherman and the date combined, and are making good use of the extra week to obtain donations of articles for the "Country Store," which will be a popular feature, under the management of Mrs. J. D. Thomas, assisted by Miss M. J. O'Brien. The stock will include a varied display of assorted groceries, hand-painted china, tea, coffee and spices, cut-glass, vegetables, tailored hats, home-made jellies and candies; "shoes and ships and sealing wax and glue."

A pie-and-cream counter will be filled with toothsome dainties, including a beautifully decorated fruit cake, made by Mrs. Mary Egan, who is also chairman of the section, and will be assisted by Mrs. T. Hollings.

The dance pavilion will be decorated with the crimson and white pennants, displaying the well-known letters of the society, "C. L. A. S." These will be sold through the day as souvenirs of the occasion. In addition to the regular features of the park, surf bathing and other water sports, the management of the park has provided colored entertainers to provide entertainment between the dances in the pavilion, two to five in the afternoon and seven to ten in the evening.

The proceeds will be devoted to the welfare work of the society.

A committee consisting of the grand directors, presidents of branches and members is in charge, including Mrs. H. E. Magee, Mrs. T. R. Catton, Mrs. P. J. Moore, Mrs. M. J. Smith, Mrs. C. A. Lynch, Mrs. J. D. Thomas, Mrs. J. H. Mellon, Mrs. M. Egan, Mrs. E. D. Carroll, Mrs. A. C. Martin, Mrs. J. H. Kelly, Mrs. P. Crinmon, Mrs. C. H. Miller, Mrs. Mary Prendergast, Mrs. J. J. Moore, Mrs. M. Egan, Mrs. Thomas Curran, Mrs. M. Bender, Mrs. J. Lamcke, Miss M. Murphy, Mrs. J. Fleming, Dr. E. S. Lynch, Mrs. J. Driscoll, Miss T. Packham, Miss Jane Mitchell, Mrs. R. Filton, Mrs. P. Savaterra, Mrs. M. Lyness, Miss Mary Daley, Mrs. H. H. O'Neill, Mrs. E. P. Garrison, Mrs. A. A. Champreux, Mrs. Mary Barr, Mrs. J. McVee, Mrs. James Garland, Miss M. McBride, Mrs. J. BUSINESSMAN IN ILL HEALTH DOES SUICIDE

Harwood Morgan, president and manager of the Morgan Mercantile Agency, of San Francisco, shot himself through the brain, causing instant death, yesterday afternoon in Lakeside park. Falling health is declared by his relatives to have been the motive.

The body was discovered by a gardener late yesterday afternoon, and the authorities were notified. Mrs. Morgan, who lives in San Francisco, was informed of the death of her husband, and came to Oakland with her daughter, Mrs. Percy O'Brien, wife of a San Francisco attorney living at 1090 Eddy street. No arrangements have as yet been made for the funeral.

Morgan was 62 years of age and a native of England. He had been living in Alameda for some time, and was well known in business circles in the bay region.

The inquest will be held Wednesday week.

HOTEL MUST ADMIT ALL RACES, WARNING

ALBANY, June 3.—Attorney-General Carmody issued warnings yesterday to hotel proprietors against advertising that only certain races would be admitted to their hotels.

The warning followed the publication of an advertisement of a hotel in the metropolitan district that only the patronage of gentiles was desired.

Under the equal rights law passed by the Legislature last year, advertisements indicating that certain classes and races will be excluded constitutes the same crime as actual exclusion.

The Attorney-General declared that he would turn over every case of exclusion or advertisement indicating that certain races shall be excluded to the District Attorneys of the counties where hotels violated the law in this manner, are located.

PORTLAND ROSE FESTIVAL OPENS

Thousands of Visitors, Many From East, Attend Queen's Entry.

PORTLAND, Ore., June 3.—With the crowning of Miss Theima Hollingsworth as "Queen of Rosaria" Portland today entered into a week of festivities in honor of the rose which has made the city famous the world over. This will be the eighth annual Rose Festival to be held. Thousands of visitors, many from the Eastern states were in the city.

The queen, with her eleven maids of honor, entered the city from the mythical "Land of Rosaria" on a gayly bedecked royal barge, escorted by the largest and most picturesque decorated squadron ever assembled in the local harbor. The sirens of hundreds of merchantment, pleasure craft and other vessels, cranked a welcome to "Her Majesty."

Escorted from the city levee to the City Hall by thousands of infantry, cavalry, national guardsmen, state naval militia, and civilians, the queen was given the keys to the city by Mayor Albee. The annual rose show in which more than 1,000,000 cut roses were displayed this afternoon

No Arguments Advanced for Non-Completion of Auditorium

Up to date there has not been one valid argument against the completion of the municipal auditorium. It is admitted that it will be a good thing for all of the people of Oakland, that it will be a place where the citizenship can hear great music and great men and witness great spectacles. It is admitted that it will benefit the city by reason of attracting here great conventions, with hundreds and thousands of delegates who will spend hundreds of thousands of dollars which will find their way into channels of trade, thus benefiting all. It is conceded that the tentative plan of renting the main hall and the other subdivisions of the edifice will produce a revenue sufficient to pay the interest on the cost of

It is conceded that economy, civic pride and a desire to benefit the city demand that it shall be finished. It is conceded that failure will make this third city of the state the laughing stock of other cities in the race for commercial supremacy; that to permit it to remain in its unfinished state would be equivalent to erecting a monument to folly and extending an invitation to visitors to deride us for lack of enterprise. It is conceded that to abandon work at this time means the loss of the half million already spent and another half million and interest which must be paid.

Then what reasons can be advanced for refusing to vote for a second issue of bonds? None whatever except those inspired by pique or dissatisfaction on the part of a minority at the conduct of affairs.

BUT ADMITTING THAT ERRORS HAVE BEEN MADE, AND THEY HAVE BEEN MADE; THAT MISTAKES HAVE OCCURRED, AND MISTAKES HAVE OCCURRED, IS IT NOT POOR SATISFACTION TO GIVE THE ENTIRE CITY A BLACK EYE FOR THE MERE PURPOSE OF REBUKING A FEW OFFICIALS WHO MAY BE CHARGED WITH THE RESPONSIBILITY FOR SUCH ERRORS AND MISTAKES?

Will such a course save any money to the taxpayers? Will such a policy add to the greatness of Oakland as a whole? Will the rejection of these bonds advertise this municipality as a community of enterprise, progress and development? Or will it not, on the contrary, be notice to the world outside that Oakland is willing, for the sake of playing politics, to belittle itself, stifle its commercial and civic spirit and go on record as believing in halting the march of progress in order that a minority may "get even" with men they do not like because errors of judgment and mistakes of judgment have been made?

THE TRIBUNE believes that the enterprising citizens of Oakland will not endorse such a policy, but that on Friday next a two-thirds majority will be cast for the bonds. But to achieve that result vigilant action must be taken, voters must be induced to go to the polls and nothing should be left undone to make the result as emphatic as possible. This work should begin as soon as the voting booths are open and continue until the last moment before closing. Only by the most energetic efforts can the affirmative result be accomplished, but it can be accomplished in this manner and for the good name of the city, for the future of the city, every friend of the auditorium should enlist for the war.

With the adoption by the council of the recommendation of Mayor Mott to the effect that an advisory committee be selected from the improvement clubs, Alameda County Tax Association, Merchants' Exchange and Chamber of Commerce, Oakland Center of the California Civic League and the Building Trades Council and Central Labor Council, to watch all contracts, check up expenditures, inspect plans and keep the public advised as to the progress of future work, there is certainly nothing more that can be done to safeguard the taxpayers' rights in the matter. This action will insure careful and exact action in disbursement and secure the best possible results in construction.

Senator Perkins' Great Senate Speech.

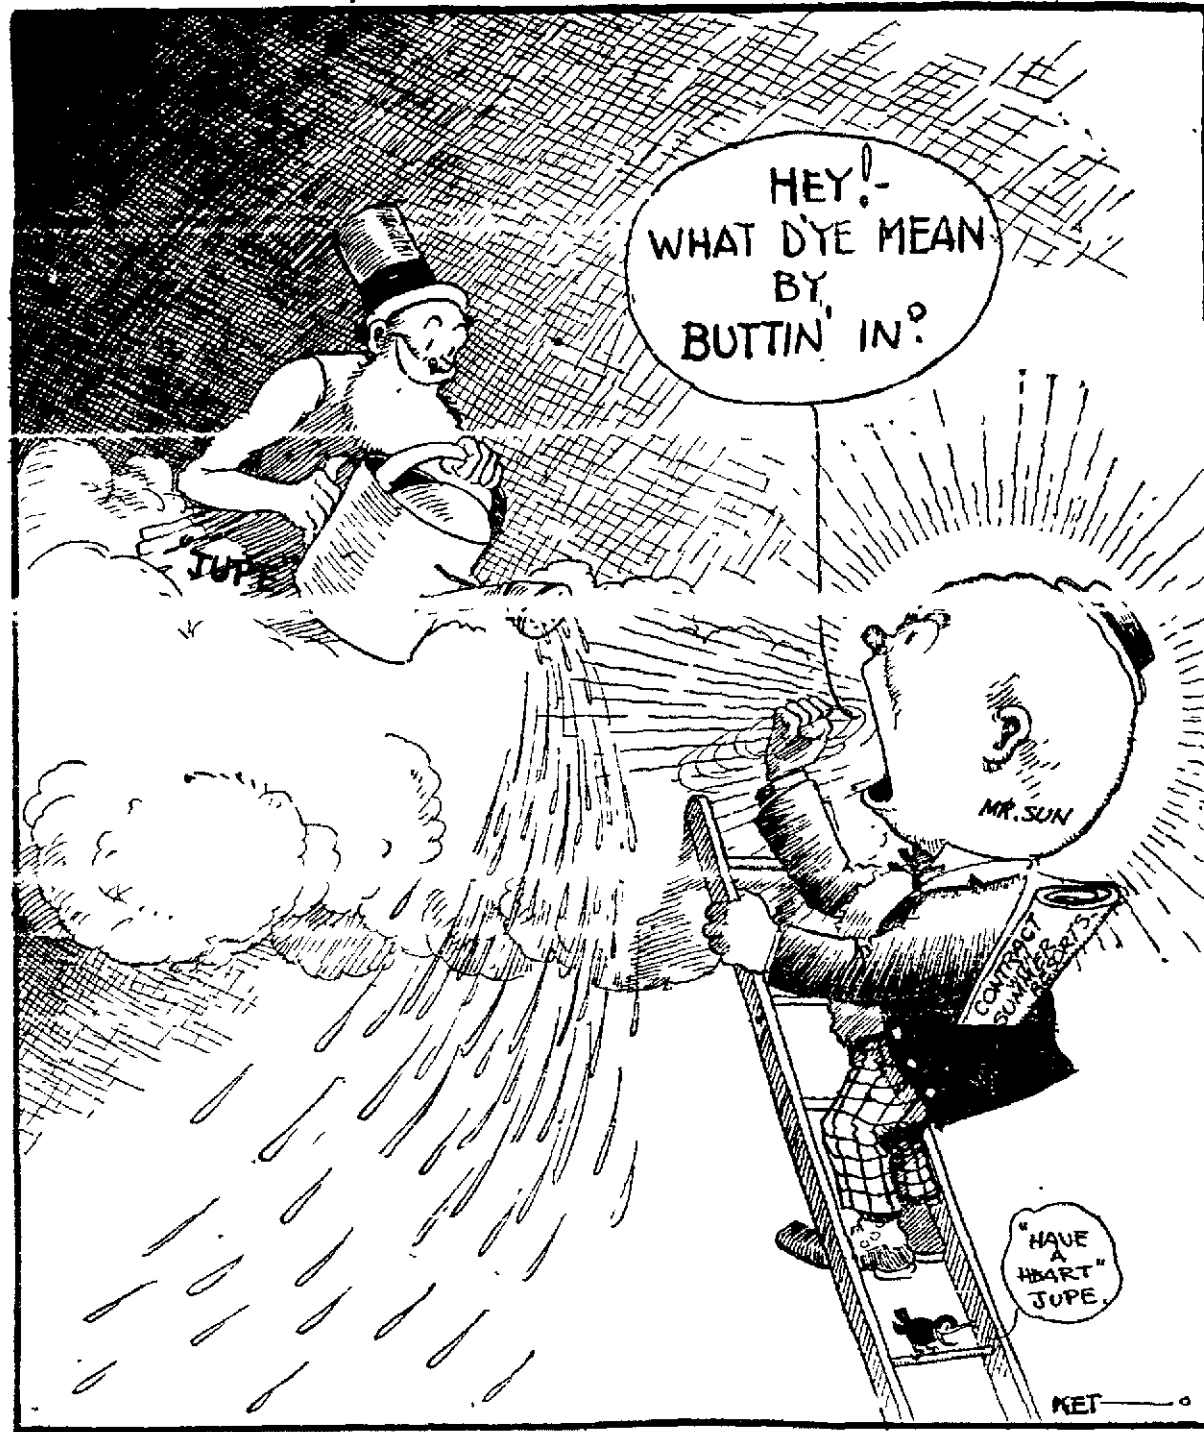

One of the strongest arguments against the repeal of the no-tolls for coastwise ships clause in the Panama Canal Act was made by Senator Perkins of California during the discussion of the bill in the upper house of Congress. It was concise and emphatic and a clear and comprehensive presentation of conditions. Senator Perkins has a great fund of information concerning marine matters, no member of the Senate being able to speak with greater authority, and as a result his address was educational in the extreme.

Senator Perkins first directed attention to the protests made by foreign nations against the no-tolls clause, directing attention to the fact that while France, which first undertook the work of constructing a canal across the isthmus, was the most largely interested European nation in point of money involved, no argument against free tolls for United States coastwise ships had been made by that nation; that while Germany has established steamship lines around the two Americas and is preparing for a large expansion of trade through the new highway, the government nor the steamship companies have not raised their voices against the proposition, the only objection filed being by Great Britain, the ships of which nation do more than one-half of the world's carrying trade. This protest, declared Senator Perkins, is made in the face of the fact that the opening of the canal means an increase in the revenues of Alberta and Saskatchewan of \$200,000,000 annually by the addition of ten cents a bushel to the enormous wheat crop which will find a market in Liverpool at a less rate of carriage than that now existing.

The Senator directed attention to the cost of the canal, \$400,000,000, and mentioned that one-half the trade through it will be between foreign countries strictly, in which this nation will have no share, the result being that \$200,000,000 of the investment will be considered as pure philanthropy and that Great Britain, by paying half the world's water commerce, may be expected to

declared the Senator, is a splendid gift to mankind, for that the rate of tolls has been fixed so low as to fall

NOW, WILL HE BE GOOD!

short of the estimated expenses of operating the canal and its appurtenances, the maintenance of an armed force and proper sanitation, without any provision for a sinking fund to meet the original obligation.

The trend of the Senator's argument on this point was that the United States, having devoted \$200,000,000 to the benefit of the world's commerce, of which sum Great Britain will claim one-half, it was scarcely fair, in the light of the fact that France, Germany and other powers have made no protests, for that country to object to the coastwise trade of the nation passing through tolls free, especially in the face of the condition described in the following assertion:

The coastwise trade of the United States has for a century been reserved to American vessels. This fundamental principle of our economic system has been known to other nations for generations. In fact, I doubt if we have any other rule of conduct which is so generally known abroad as is this rule.

Continuing, the Senator said there was no question in his mind that the Panama Canal Act of 1912, by exempting our coastwise vessels from Panama canal tolls, involved no discrimination of any kind against Great Britain or any other nation. He added:

The British protest, as I read it, takes no other or different view. It merely EXPRESSES THE FEAR THAT THE PRINCIPLE OF COASTWISE EXEMPTION MAY BE SO ADMINISTERED AS TO LEAD TO DISCRIMINATION AGAINST BRITISH VESSELS IN CONTRAVENTION OF THE TREATY. This fear does not involve national honor; it is not a charge of perfidy against the Congress which passed and the President who signed the Panama Canal Act of 1912; it does not intimate that the national platforms and the national candidates of 1912 were lost to all propriety and all understanding of the sanctity of international obligations. The Senator's view is correct and his position unassailable, yet despite the arguments advanced by him and other Senators who have the interests of the American shipowners at heart, the President will undoubtedly force through his program, the exception being the amendment declaring that this nation has the sovereignty over the canal, which provision may, under another administration, permit a reversal of the Wilson policies and give the coastwise vessels free passage.

Before the other papers head us off, we propose to declare for a safe and sane Fourth of July.

Coxey has come back—at least that's what the headlines in his home town paper says.

It is announced that Huerta has sworn off on inebriating drinks and declared for grape juice. Now we will have a "watchful waiting" policy at both ends of the line.

Ice cream and chocolates having been declared an antidote for alcoholic excesses by an eminent physician, the bartender will doubtless have turning the crank of the freezer added to his duties.

"Dick" Metcalfe, former Missourian, former editor of Bryan's Commoner, for a brief period governor of the canal zone, is going to run for governor of Nebraska on the Democratic ticket, his platform being an enforcement of the Wilson policies. Four Dick.

Berry Moore, undertaker, is running for coroner in an Indiana county. If there is anything in a name Berry Moore will be among the also rans.

The most vigorous opponent of the poll tax law is the man whose employer has just held out \$2 from his pay envelope for the collector.

It is announced that the life of Evelyn Nesbitt Thaw is to be shown in the movies. For the sake of the rising generation we urge the board of censorship not to permit all of it to be depicted.

Twenty Years Ago Today

The graduating exercises of the class of '94, Oakland High School, will be held in the First Congregational Church. Among the graduates are the following: Howard Bell, Everett Brown, Agnes Borsland, Lulu Blumberg, Mae Cohen, Jessie Colt, Lee Donnell, Louis Falkner, Dwight F. Johnson, Gertrude Halse, Edith J. Johnson, Ida Bussey, Harry Mariner, Leon Macnes, Myron Felton, Mary Stadler, Florence Stone, Wharton Slater, Mae Smith, Ella Wilcox and John Wychoff.

The most worshipful Sovereign Grand Lodge, Ancient Free and Accepted Masons, which has been in session in this city, adjourned after a very successful meeting. It was presided over by Grand Master B. F. Talbot. The deputy grand master was G. W. Wilson of Marvsville. There were forty-five delegates. The delegates from Mount Hamilton Lodge of this city were W. N. Saunders, worshipful master, Joseph Hardy, senior warden, and G. E. Watkins, junior warden. W. H. Turner and Joseph S. Hutten of Oakland were elected to the Board of Trustees.

A peculiar will was filed in the Superior Court. It was the last testament of Peter Petroff, who at 33, died in Oakland. The document begins: "In the Name of God, the Father and the Son and the Holy Ghost Amen" and goes on to say "As all the pictures which belong to me are of a religious significance and sacred history and are of the Catholic church and as people of Protestant denominations have no use for religious representations of sacred historical events I leave all the religious pictures to Mr. Brewster, who lives in the same house where I live." The testator, Petroff, was a man of high rank in his native country and was an emissary from the czar to this country during the war and was entrusted with important dispatches relating to a treaty between the two countries. He entered the United States at the time of his death was a member of Garfield Post of this city.

The election of Pleasanton passed off quietly and the proposition to incorporate carried by a fine majority. The vote for town officers was as follows: Trustees: H. P. Chadbourn 123, Joseph Nevis 119, John B. Hortensine 120, William Martin 123, William Napier 122, P. Kolb 5, John Sanborn 1; Clerk, J. H. Neal, 121; Treasurer, P. V. Wenig 120; Marshal, M. C. Dornally 122. The total vote was 769.

FAME'S PATHWAY

Paul Rainer, explorer and big game hunter, arrived in New York on the steamship "Vandalia" last week. It was Mr. Rainer who instituted hunting lions with a pack of bear dogs and taking moving pictures of the hunt. For two years he has been on an expedition in Central and British East Africa and he has brought home 3000 feet of film.

These films, according to Mr. Rainer, are the best he has ever seen. They will be put on exhibition in the American museum of natural history prior to being turned over to the Schuberts. Mr. Rainer told how Fritz Schindler, a camera operator, was killed by a lion several months ago. Mr. Rainer had a narrow escape. The lion first attacked Schindler and killed him with one snap of his huge jaws.

Blind Pupils Self-Supporting.

The commencement of the Deaf and Blind College, at Berkeley, last night, was the occasion of a significant demonstration of the usefulness of the institution. The Alumni Association of the college is composed exclusively of its graduates, who are self-supporting in various professions, skilled trades and active business. They refuse to live on the pity of the community, and with pride and self-respect take their place and hold it as independent and self-dependent citizens. In this way they justly claim to justify the existence of the college to the taxpayers who support it. Last night this Alumni Association presented to Mr. Stobbe, the honor graduate and valedictorian of the blind class, a splendid gold watch and fob, as an expression of its desire to encourage independence and ambition in the blind.

Billy Sunday's choirmaster has lost a suit for \$20,000 brought by a young woman to whom he engaged himself, but later refused to marry because "matrimony would ruin his career." Even musical evangelism has its serious troubles.

"Rooster Day" has come and gone and as a result the number of chanticlers has been largely reduced through slaughtering, marketing and eating. But it was a tough proposition in many instances.

When one considers how long the corned beef and cabbage season is and how short the reign of the cherry cobbler, he is inclined to think that eternal fitness of things could stand a slight improvement.

STORM BREAKS IN PRESBYTERY MEET

Heresy, Charge! Dispute Rages on the Ordination Question.

NEW YORK, June 9.—The New York Presbytery is stirred again by heresy charges and protests against ordination of union seminary conditions. After two hours of discussion at a session yesterday further answer to protests was put up to a committee.

The two men whose beliefs were questioned are Charles Hall Wicks, a Cornell graduate before coming to Union, and James M. Howard, a Yale man. Both were examined at the April meeting of the Presbytery and accepted and their ordination as Presbyterian ministers were ordered.

The Rev. Dr. John Fox made a protest in April and it was replied immediately there was a reply to the answer and a further answer to this reply was demanded and agreed to.

Mr. Howard was asked whether he believed that Moses saw God on the mount. The young man plied St. John's statement against that of Exodus, "No man had seen God at any time." Asked whether he believed that Moses got the pattern for the tabernacle from God direct, Mr. Howard said he would not commit himself to any particular view of inspiration.

When Mr. Wicks was asked if he believed the Virgin birth, he replied that he probably would find no occasion to preach it, since nobody nowadays preached sermons on such subjects. Still he added later that he "was more than overladen to believe it."

CHANGES MADE IN ORDER'S TAX

B'rith Abraham Plans a New Fund for Charity Workers.

ATLANTIC CITY, N. J., June 9.—A resolution setting aside the present reserve fund of half a million dollars as a permanent asset of the order and increasing the annual assessment from 20 cents to 50 cents for a period of ten years for the purpose of creating a new endowment fund was adopted at yesterday's session of the Independent Order of B'nai B'rith Abraham.

Other resolutions were adopted providing for an assessment of two-thirds of one cent per member to be paid to members who are totally disabled through injury and another assessment of one-third of one cent for those only partially disabled. The charity tax was fixed at ten cents for the regular capita tax of 25 cents for national organization expenses was continued.

Three thousand dollars a year was voted to Leon Sanders, grand master, for expenses. The grand master was empowered to speak for the entire organization whenever occasion arises for him to appeal to Congress or President Wilson in behalf of "Down-trodden brethren abroad." This action was taken after several delegates had denounced the Burnett-Dillingham immigration bill now pending in Congress and which Grand Master Sanders assailed yesterday in his final address.

Election of officers will be held today. Mr. Sanders is a candidate and succeeded himself, and has no opposition.

WILSON ATTACKED IN SPEECH BY KAHN

NEW YORK, June 9.—Julius Kahn, Representative in Congress from California, addressed the members of the Republican County Committee of Kings last evening, attacking the Wilson Administration and policies. He insisted that as a result of the legislation enacted by Democrats, many voters are returning to the Republican party.

Kahn said that the experiment with Democracy was costly to the country. He attacked the Underwood tariff law as a cause of depression in manufacturing centers and insisted that the cost of living is increasing, while working men are receiving less money.

The speaker denounced the proposed repeal of the Panama tolls, as another thing that has helped destroy confidence in the Administration.

FREEMONT ALUMNI TO HOLD BIG RECEPTION

The Alumni Association of the John C. Fremont High school will give a reception this evening in the high school auditorium to the graduates of the class of 1914. A supper will be served at 6:30, following which a program of musical and literary numbers will be presented. Dancing from 9 to 12 will conclude the evening's entertainment. During the evening, speeches will be made by William Young '18 and Mervyn Carlson '11. The committee in charge of the affair consists of Miss Bessie Summers '11, chairman, assisted by the Misses Irene Hurley and Irene Chater, and Messrs. Willard King, William Gee, Grover Carlton and Byron Johnson.

Vogt Candidate Out for Office

HENRY F. VOGT

Henry F. Vogt, a well known citizen of Alameda county and a resident of Oakland for 50 years having been urged by his many friends to seek the position of County Auditor will be a candidate at the August primaries.

Vogt was born in Contra Costa county in 1883 and came to Oakland with his parents one year later and has resided in Oakland ever since. He is 51 years old. His father, David Vogt, was one of the most prominent German citizens of this section.

Vogt has been secretary of the Board of Park Directors since 1909 and as such is manager of the Oakland Municipal Band, and is in charge of the band concerts held at Lakeside Park. He took an active interest in securing these concerts for the public and the band, under the direction of Paul Steinhardt, is among the finest in the West.

Vogt is president of Brooklyn Parlor No. 151, Native Sons of the Golden West. He is a member of Alpha Camp No. 101, Woodmen of the World, and active member of the Chamber of Commerce. He was secretary of the general committee in charge of the Admission Day celebration held by the Native Sons of the Golden West in Oakland last year.

Because Vogt has always had the interests of the city and county at heart, he has been called upon many times to give his services for the public good and has always responded gladly. During his many years of service he has made a host of friends and supporters and it is upon their solicitation that he has become a candidate.

TAXPAYERS' COLUMN

EDITOR TRIBUNE.—In your editorial of the issue of Friday, June 5, headed "Think This Over, Mr. Anonymous," I am afraid you fail to get the real drift of the sentiment which apparently actuated the writer who conjured you to "stand by your subscribers part of the time." I can readily appreciate the feeling of this writer, who like most of our readers no doubt looked in vain through the columns of THE TRIBUNE for discussion of the water district plan that was to be submitted to voters at a late date.

The conclusion was that you dared not espouse it, but hoped that it would carry, so did not come out in opposition to it. You now pass the matter off lightly by declaring that the water district plan is now a closed incident.

It was made very plain during the debate on this matter that if the proposed enactment had been different in one particular only to have provided that the commission consist of not to exceed three commissioners, two at least of whom should be engineers of known ability and experience, with a salary commission instead of a rate of appointees from various sources to serve at nominal salaries that would not be adequate to secure and retain commissioners of sufficient qualifications the act would have carried by a large majority.

There are many of our citizens, members of civic and commercial bodies and individuals who have valuable ideas as to these matters. Suppose that the next time it is proposed to put this to a vote of the people some of these same people be consulted at the time of framing these laws so that our money will not be wasted in the mere act of preventing our city officials from foisting their blunders upon us, and our posterity.

CAUSE OF DILEMMA.
Now, about our proposed auditorium. What more can you expect from a suffering public? Civic pride in this particular job what have we to be proud of? Pride, even of the civic variety, must have some justification, or it is mere snobbishness. Can we feel proud of our officials whose crude off-hand calculations are the cause of the present dilemma?

I should say not. And Mr. Editor, be frank—are they not the ones on whom the blame should be laid for Oakland receiving a building which will not benefit, but injure it, as you state? Why should you belabor the rebellious taxpayer for not rushing to the relief of the situation created by the slovenly work of our city officials?

Now Mr. Editor, if you have not an opportunity of getting in touch with the sentiment of our community on this matter take heed of the appeal to civic pride which will avail little so long as the cause for civic shame remains. How can you feel proud when someone makes you feel like 30 cents? Do not think that to receive the cause would appeal to our voters and taxpayers? Or to answer the query in your editorial interrogatively, if a private enterprise had an inefficient manager in its employ whose miscalculations involved the concern in extra millions of expense, would it appeal to its stockholders for more funds and retain that manager or would it first fire the manager to retain the confidence of its investors? Your criticism in your columns from time to time laying the blame entirely on the voters and taxpayers is deeply resented by them and regarded as entirely too lenient toward the fault.

FEARS MORE MISCALCULATIONS.
How can the voters now even be convinced that miscalculations are not being made by these same persons in that this filled-in ground on which this structure is being built is not sufficient foundation for the thousands of tons of weight of concrete and cement with which it is proposed to reinforce this steel frame? I have heard doubt on this point expressed frequently. In all of this situation therefore with the present feeling it is extremely doubtful whether it will be another vote the measure will fare any better than at the previous election. An alternative proposition to sell to the highest bidder and allow the building to be completed by private enterprise if placed on the ballot would be more likely to receive a majority vote.

G. H. ANKER.
Oakland, June 6, 1914.

VOTED AGAINST AUDITORIUM.
EDITOR TRIBUNE.—I voted against the bonds for the Auditorium on the last election, and I am not only proud of being a citizen of Oakland, but am proud of being an honest, patriotic American citizen.

I will vote for these bonds if you will publish this letter and answer these questions.

Will the present officials of our city and the patriotic citizens who signed your summer loan ordinance or the amount of money good to the city all other moneys needed therefor? Will you as an editor of one of the leading papers in Oakland, agree to hold American principles, and submit facts to a candid world, as did the signers of the Declaration of Independence, who established this government that Americans to all day.

Women the invaluable right of life, liberty, and the pursuit of happiness? I know that the Auditorium should be finished, as does every intelligent citizen of Oakland. I know that some of Oakland's people have received a black eye on account of this proposition. I firmly believe unless you prove your sincerity and patriotism, that you will get another black eye next election.

Publish every word of this letter, and I could add volumes to it, stating that it is unmanly to do a thing for spite, and that a great many of us knowers may change our vote, although we believe that ignorance and graft should not be excused. Oakland, with her advantages and opportunities, will meet her destiny, which is the greatest city on the Pacific coast, whether or not these bonds carry.

Moneys paid for these public buildings always return to the various channels of trade, even though some of it may not be spent in an economical and business manner, nevertheless an honest class of voters require a little consideration. A man ashamed of his principles has nothing to be proud of, and an honest man is not ashamed to submit facts to a candid world.

BERKELEY Gossip of STUDENTS and RESIDENTS in UNIVERSITY TOWN AND SOCIAL and PERSONAL HAPPENINGS of DAY in the ISLAND CITY ALAMEDA

AUGUST 8, FOR BOND ELECTION

Action by Council Is Delayed by Adjournment to Honor Dr. George F. Reinhardt.

BERKELEY, June 9.—August 8 has been tentatively set as a date for the holding of the bond election in this city, which will be held at the city hall, at 11 o'clock a. m. The city council held a brief meeting this morning, adjourning early out of respect to the memory of Dr. George F. Reinhardt, whose funeral was held last evening.

No official emphasis will be placed in the bond election on any of the details thereof, although the schools are the most immediate and important need which is expressed. The site which is desired to secure for a civic center is in the very heart of the city, and this bond issue will represent one of a series of successive efforts to obtain it for this purpose.

The sale of the bonds for waterfront improvement, if they are voted, will be for the improvement of the harbor, a similar sum for the improvement of the waterfront, a sum for the improvement of the city hall, and a sum for the improvement of the city hall.

No detailed specifications have yet been made for the school buildings which are to be erected with funds to be voted. The buildings will be located in those sections of the city where congestion is now at its worst. A special effort will be made to relieve the overcrowding in the intermediate high schools, such as the McKinley and the Whittier, which resort to extreme measures, such as the occupancy of attic corridors and basements for classes, have been necessary in the past.

So far as concerns the civic center it is believed possible to purchase this block, bounded by Center, Grove and Mill streets, and Alameda way for \$150,000 or \$175,000. The remainder of the \$175,000 to be asked will be utilized for the improvement of the city hall.

Terminals have already afforded some features in the way of suitable environment for the city hall, and the city hall on the west side of the city, and the city hall on the west side of the city.

ALAMEDA EAGLES LEAVE FOR STATE CONVENTION. ALAMEDA, June 9.—Delegates from Alameda Aerie of Eagles to the State convention, which opened today at Fort Bragg, left yesterday morning at 10 o'clock for the State capital.

PEEKING PIKE IS HEARD FROM

Wife of One of Brothers Here;
But Which One
Is It?

Whether his name is Harry or George, it makes little difference and though his surname may be Pike, he is no "Pike" when it comes to starting a nation, putting the British autocrat into temporary shade and winning unique distinction for himself.

Not since the immortal Keats recorded the adventures of young Porphyro when he "crossed the moors with heart on fire for Madeline, that his might gaze and worship all unseen," have the ancient

no shadow as that of Peeking Pike. No plagiarism meant here—Pike did venture in. He scaled the walls of old Buckingham, stealthily like a cat, for a peek at a queen.

"He ventured in: let no buzz'd whisper tell; All eyes be muffled, or a hundred sword's will storm his heart."

On a wicker or some other footstool, Peeking Pike entered Buckingham in the early hours of Sunday morning to prove, as he explained to the gardeners afterward, how easily it could be done.

At any rate the headman slept and Angela winked—must have been so, for Peeking Pike passed a cordon of England's most stalwart men, crossed the shadowed lawns of Buckingham and trod the Persian reeds outside the queen's own chamber. But he was not left to fill away like the Porphyro of old into oblivion. Instead he is busy answering in the Bow-street court, in London.

Mrs. Helen Pike, said to have left her husband in England several months ago, was recently employed by Superintendent J. D. Oakley on the Herman J. More ranch near Mount Eden. Later she left and came to Oakland, where she is said now to be with a private family.

Superintendent Oakley, who was formerly a personal orderly to the late King Edward VII while he was Prince of Wales, stated that Mrs. Pike had found it impossible to live with her husband, and therefore came to America. The reports from London gave the name of the palace intruder as Harry Pike, but Oakley says that Mrs. Helen Pike's husband's name is George, and that his brother Harry is in the Royal Naval Reserve.

Whichever one of the brothers it was, however, who started England there is much ado across the pond in official circles it having been forcibly impressed upon those responsible for the safety of the king and queen that Buckingham is not impregnable to intruders.

There is no law covering the case to the marshal's satisfaction and that's why he can't put those pickle-makers where he'd like to. He has requested them to avoid using the drain for factory purposes but they have continued, the pickle juice eating holes in the iron pipes. Last year also, he declared, the juice damaged the pipes, and the damage has not yet been paid for. The matter will be considered at the next meeting of the Board of Trustees.

**START WORK ON STATE
HIGHWAY NEAR HAYWARD**
HAYWARD, June 8.—Work has been started on the State Highway near this city, a force of men being now engaged in scraping portions of the Boulevard, which is now under the control of the State following the agreement between the Highway commission and the Board of Supervisors.

The work, as planned in this district, will extend to the Valle Vista schoolhouse. Eminent repair of the boulevard is the ultimate plan of the State authorities. The start of work on this road simplifies the work of Supervisor W. B. Bridge, who up to this time has been appealed to for repairs and other matters in connection with the road over which the State had already assumed control, but which the commission was not ready to go to work upon. During repairs the road will be closed.

**SAN LEANDRO'S FIRE
FIGHTERS REORGANIZE**
SAN LEANDRO, June 8.—With six new deputy fire marshals on his force, Fire Chief Eber this week is putting his department through a complete reorganization and will, he expects, have through installing his new system, have one of the best departments of any smaller town in California.

Fire Chief Eber has fought for some time for more men and more apparatus for the city, and installation of recent fire apparatus resulted in bringing down into the city a few weeks, although the date has not been set.

Miss Thomas is a charming girl who is a favorite in Berkeley's younger set, and the news of her betrothal will be of interest to society. She is a sister of John Hudson Thomas who married Miss Ida Wilson, daughter of Professor Wickson, and of Fred Thomas whose wedding to Miss Alice Payne was a recent event.

Her sister is Miss Maud Thomas. The family connection is a large one, including the Charles Farnelle Eels of San Francisco.

The wedding will be a quiet affair, and after the honeymoon Professor Gray and his wife will establish their home in Berkeley.

**HAYWARD WOMEN TO
HAVE CLEAN-UP DAY**
HAYWARD, June 9.—Final plans are being perfected by the women's clubs of Hayward for the big Clean-up Day Campaign, as outlined by Professor W. B. Herms of the University of California before the Hill and Valley Club recently, and taken up by the civic center and other clubs. Details are being arranged for the holding of a "Hy swathing day," and the date to be announced later. The plan is sponsored by the university department of entomology.

**PATROL DRIVERS MUST
THINK SAFETY FIRST**
SAN FRANCISCO, June 8.—Acting Chief of Police Egan came down with a heavy hand this morning on the patrol wagon drivers of the department. He declares that some of them have been careless in relieving other and that the automobile patrol through the city's streets.

"There have been far too many accidents," declares Shea, "and they have to stop."

The speed of the patrol will be five miles an hour down town and fifteen miles in the outlying sections. He told the drivers that they would have to pay for any damages done to the machines through carelessness. He further directs them to stand in line with the patrolmen for recall on each watch.

**BURGLAR ROBS MAN AND
LOCKS HIM IN CLOSET**
SAN FRANCISCO, June 8.—Awakened by a robber who intimidated him with a pistol, Patrick Walsh, a glass worker, residing at the New York Hotel, 1038 Polson street, was locked in a closet by the intruder and was forced to remain a prisoner until liberated at 5:30 o'clock this morning.

The robbery occurred at 2:40 a. m. Walsh heard someone rapping at the door. He got up and opened it. A man with a gun told him to hold up his hands, and then went through his clothes, taking \$12 and his watch. He then forced him into the closet.

**AMERICAN FLAG BLANKETS
FREE THIS WEEK**
Local Dealers Are Giving Them Away
with Egyptian Straight Cigarettes.

Every smoker in town who purchases a 100 package of Egyptian Straight Cigarettes during the next few days will receive a large American flag blanket. The size of these blankets is causing quite a stir, as they are nearly a foot long and a yard wide. They are great, as the ladies have found so many uses for them. They predict that their limited supply of these extra large novelties will soon be exhausted, and urge smokers to take advantage of this free offer right away.

The manufacturers of Egyptian Straight seem quite willing to make this offer to secure the wide trial they experienced when they first tried Egyptian Straight, costing 10c, to recognize a quality something that of the 15c brands. In fact, tobacco dealers who that Egyptian Straight constantly purchase smokers who expect such high quality only in cigarette costing double.

How Can You Know Piano Values

How are you to satisfy yourself as to the real value of the piano you are about to buy? Can you judge piano values by outside appearances, determine the permanence and quality of tone by one hearing? Do you know piano construction in plate and scale design? Can you pass upon the quality of action, varnish work, veneers, and can you trust your own judgment as to durability and dependability?

The one sane and safe way to buy a good piano is to patronize a house of highest commercial standing, state your needs, and benefit from the wisdom of your choice.

Selling GOOD PIANOS and giving the best values possible for the price has been our particular care for nearly forty years. That you can buy more piano value for each dollar expended here is our firm belief, and we know that your after-satisfaction, because of quality, service and appreciation, will be greater than you could expect.

Some splendid values in used pianos at very low prices and on very easy payments are being shown this week.

SAVANT'S CHILD TO WED SAVANT

Miss Nora Thomas Tells of Engagement to Professor Wm. Bray.

The engagement of Miss Nora Thomas, daughter of Professor and Mrs. F. P. Thomas of Berkeley, to Professor William Bray of the University of California, is announced. The wedding will take place in a few weeks, although the date has not been set.

Miss Thomas is a charming girl who is a favorite in Berkeley's younger set, and the news of her betrothal will be of interest to society. She is a sister of John Hudson Thomas who married Miss Ida Wilson, daughter of Professor Wickson, and of Fred Thomas whose wedding to Miss Alice Payne was a recent event.

VOICE PROTEST AGAINST PLANING MILL PERMIT

EDITOR TRIBUNE.—As residents of the neighborhood of Manila and Fortieth streets, we desire to voice a protest against the Gallagher planing mill and lumber yard, for which a permit has been issued. This is not the proper place for a manufacturing of this sort, the section being essentially a residential district. It is between the Manual Training High and Mosswood park, which are points of interest, not alone for citizens of Oakland, but for people from all over California. It is unfair to attempt to make this tract a part of the manufacturing zone when it is considered that the locality should be devoted to residential purposes.

Why vote for bonds for a waterfront, at which point such works should be located, and then violate the precedent established by allowing them to invade sections designed for the uses alluded to?

It is pleaded that a laundry already exists there, but it should be recalled that this laundry was opened before the Alton tract was opened.

There are sentimental reasons as well as the more practical, for objecting to this planing mill and lumber yard. The history of these places in San Francisco and all large cities shows they are the results of the immoral and detrimental to the decency of the neighborhoods in which they are located.

It makes little difference if the council has prohibited the erection of a wooden structure and that the company intends building a Class A structure. That is not the point at all. The objections have been stated, they are valid and sound and there should be a general effort on the part of all residents of the neighborhood to protect their homes by making objection to further action on the part of the lumber company and compelling its members to procure a site more suited for their purposes.

STREET WORK IS BEFORE COUNCIL

Routine Matters Passed: New Work Is Authorized by Body.

Routine work was ordered by the city council today as follows:
Granting Bates, Borland & Ayer permission to improve the streets in the Electric Loop Tract.

Adopting plans and specifications for the improvement of Twenty-third avenue, between East Twenty-second and East Twenty-ninth streets, and recommending passage of resolution of intention for same.

Granting permission to Ransome-Crummey Company to regrade, curb, gutter, pave with asphalt, etc., East Fourteenth street, between Thirtieth and Thirty-first streets, and Thirty-eighth avenue.

Granting F. C. Vierra permission to construct a sewer in the south side of Third street, from the center of Jackson street to a point 150 feet westerly therefrom.

Granting John Geary permission to construct a sewer in the northern side of Foothill boulevard, between Taylor avenue and Ninety-ninth avenue.

Directing the city engineer to prepare proceedings for improving the southwestern half of Salisbury street and modifying resolution No. 839 N. S.

Directing the city engineer to prepare proceedings for improving portions of Ninety-second avenue, between Plymouth street and Olive street, and modifying resolution No. 739 N. S.

Awarding contract to Bates, Borland & Ayer for the construction of drainage structures in Seventy-third avenue, between East Fourteenth street and Foothill boulevard.

Approving bond accompanying contract of the C. F. Pease Company to furnish a blue printing machine for the city engineer.

Recommending passage of ordinance establishing curb grades and positions of curbs on Brookside avenue, from Golden Gate avenue easterly.

JAPANESE CAPTURED AS HE ENTERS WINDOW

Residents of the Madison Apartments, Ninth and Oak streets, saw a man attempting to climb through one of the windows last night and notified the police. Lieutenant William Woods rushed to the scene with a posse and captured K. Yamashita, a Japanese, whose clothes were found on the sill.

Yamashita was booked on a charge of larceny. Identification expert powers took fingerprints and measurements of the prisoner and discovered that he had been held in San Francisco on a burglary charge last August.

HELD ON SUSPICION OF BEING CHECK PASSER

Bank checks from all the large banks of British Columbia, Washington and Oregon, were found on the person of Oscar V. Fisk, who was taken into custody by the Oakland police today at Sixteenth street at the request of Southern Pacific railroad detectives. The arrest was made immediately after Fisk had arrived on the Northern Express. He is being held under investigation on suspicion of being a check passer who may be wanted in Oregon or Washington.

PARDONED FOR CRIME HE NEVER COMMITTED

SMOKES HER PIPE HUBBY DIVORCED

Oaklander Declares Wife Refused to Give Up Old Habit.

Because his wife insisted on smoking her pipe which she said had been her companion for a long time, Frederick F. Chinel was granted an interlocutory decree of divorce from Nellie Chinel by Superior Judge Brown today. Plaintiff also alleged that his wife would not cook his meals.

In spite of the fact that a large number of persons who had attended a dance at Maple Hall some time ago were present to tell of the alleged embezzlement of \$2,000 by Chinel.

His husband, James A. Jones, the couple were denied a divorce by Judge Brown. Jones filed suit alleging that his wife had been guilty of adultery with a man who had attended a dance at Maple Hall some time ago.

That her husband had given her a wedding ring to another woman, then beaten her when she induced a policeman to get the ring back, is the complaint of Margaret Wallace who has commenced a suit for divorce against Charles Wallace.

GETS HEAVY SENTENCE

Joseph Peters of Irvington, who recently pleaded guilty to a statutory charge in which two girls of a neighboring rancher were complaining witnesses, was sentenced by Superior Judge Ogden today to serve 5 years in San Quentin prison.

An Easy Way to Get Fat and Be Strong

The trouble with most thin folks who wish to gain weight is that they insist on dragging their stomach or stuffing it with greasy foods, rubbing on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of thinness goes undisturbed. You cannot get fat until your digestive tract assimilates the food you eat.

Thanks to a remarkable new scientific discovery, it is now possible to combine into simple form the very elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This master-stroke of modern chemistry is called Sargol and has been termed the greatest of flesh-builders.

Sargol aims through its regenerative, reconstructive powers to coax the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to every starved, broken-down cell and tissue of your body. You can readily picture the result: warm, this amazing transformation has taken place and you notice how your cheeks fill out, hollows around your neck smooth and level disappear, and you take on from 10 to 20 pounds of solid, healthy flesh. Sargol is absolutely harmless, inexpensive, efficient. Oregan Broom, drug stores, and other leading druggists (Oakland and vicinity) have it and will refund your money if you are not satisfied, as per the guarantee found in every package.

Caution—While Sargol has given excellent results in overcoming nervous debility and general stomach troubles it should not be taken by those who do not wish to gain the pounds or more.

RECORD HEAT CLAIMS 3 VICTIMS

Pittsburgh Experiences Warmest June Weather Recorded in Forty Years.

PITTSBURGH, June 9.—Three deaths from the heat were reported here today when the thermometer at 10 o'clock registered 88, the record for forty years.

SWeltering Heat in East

WASHINGTON, June 9.—Most of the country east of the Missouri river and south of the Great Lakes sweltered yesterday in a wave of heat that sent temperatures up to points between 90 and 95. Only a few of the extreme eastern cities or the New England states, blessed with cooling winds, escaped.

While Boston enjoyed a maximum temperature of 78, the mercury in Philadelphia climbed above 90 and in Washington the official reading was 95. Thermometers on streets showed much higher temperatures.

Indications last night were that the hot conditions would continue for a day or two, except along the extreme east coast. Thunder showers were forecast to relieve conditions in the upper Mississippi valley by Wednesday.

NEW YORKERS PROSTRATED

NEW YORK, June 9.—One death and many prostrations were reported in the wake of the heat wave of this city and its suburbs yesterday. The temperature reached 93 degrees. Many persons overcome by the heat were removed to hospitals.

TORNADOES AND FLOODS

HURON, S. D., June 9.—Eight tornadoes about ten miles north and northwest of Westport, yesterday afternoon damaged farm buildings. Particulars are not obtainable. Storms near Sheffield and southeast Huron also did much damage. Heavy rains have fallen here nine inches in a week and the town is flooded.

STORMS WIDE SWEEP

ST. PAUL, Minn., June 9.—Serious wind and rain storms visited sections of Minnesota, western Wisconsin and North and South Dakota late last night, overturning barns, destroying small buildings and putting out of commission telegraph and telephone wires, according to reports received here.

ONE KILLED, MANY HURT

ST. CLOUD, Minn., June 9.—Mrs. E. A. Carlson was killed, two were seriously injured and considerable damage done by a tornado which swept through the territory of Oak Park, Haywood county, last night.

HEAT KILLS TWO

CHICAGO, June 9.—Two more deaths attributed to the heat were recorded today by the police while the mercury mounted to 94 degrees early in the afternoon a record for the year.

Decision's Reversal Makes Big 'Dry' Area

MINNEAPOLIS, June 9.—When the United States Supreme Court reversed the decision of the District Court in the so-called Indian liquor cases yesterday the action not only had the effect of declaring "dry" a 15,000 square mile section in Central and Northern Minnesota but may cause two-thirds of the State, including Minneapolis and Duluth, to be placed in the prohibition column.

Although the decision of yesterday only directly affects the territory covered by a treaty of the government with the Chippewas in 1855, it was believed by many familiar with the case that the decision is equally effective in regard to the previous pact covering the greater portion of Southern and Western Minnesota and from which the prohibition clause in the 1855 document was copied.

Begins Printing of 40 Amendments to State Constitution

SACRAMENTO, Cal., June 9.—

commenced yesterday on the publication of 1,800,000 copies of the constitutional amendments and the arguments which are to be distributed among the electors of the State that they may vote intelligently on the forty proposed amendments to the constitution of the State.

The work will compose a book of about 96 pages. The various arguments pro and con on the amendments have been materially shortened in order to make the pamphlet as small and concise as possible and still give the electors a lucid idea of the stand taken by those familiar with both sides of the amendments proposed.

PELTED WITH EGGS

Chino Grammar School Boys Show Principals Ill Feeling Over Teacher's Demotion.

CHINO, Cal., June 9.—E. H. Price, supervising principal of the Chino schools, and O. L. Lafave principal of the Chino grammar school, were pelted with rotten eggs Sunday night by a crowd of boys as the result of ill feeling aroused over the demotion of Mrs. Eleanor Thrall, English teacher in the upper grammar grades.

On account of her inability to get along with other teachers, Price said, the school trustees recently assigned Mrs. Thrall, who has been teaching in the school nine years, to the fifth grade. Others say the transfer had its origin in a local political fight.

Mrs. Thrall, who is a native of Chino, is an invalid in a Pasadena hospital. The children wished to make her a present, and decided to give her the \$21 in cash they had collected, instead of purchasing a token. Price refused to allow them to make the presentation in the sixth grade room, he said. The general impression was that he had denied them permission to make the presentation on the school grounds and the ceremony took place in the street.

Enmity against Lafave was roused by his reply to her assertion of loyalty to him as school principal that he doubted. No action against the throwers of the eggs has been taken yet by either Price or Lafave.

Cemetery Mystery Solved by Arrests

LOS ANGELES, June 9.—The mystery concerning the fire-scarred body of a man found several days ago in a cemetery was solved today by the arrest of Frank Davis, a former convict, Louis Carl, a drug addict, and another man by detectives who had been investigating a series of robberies at Verdugo and other suburbs. The dead man was another former convict, who concealed his name. He was known to the three men under arrest only as "No. 60," and he was killed by the explosion of a lamp in one of the stores robbed by the party.

Davis said today that "No. 60" sought to fill a lamp from a kerosene tank in one of the robbed stores. He made a mistake and filled the lamp with gasoline. It exploded and blew his face off besides inflicting other injuries that caused his death in a few minutes. The other men then hauled his body to the cemetery and dumped it out.

Improvement Club Calls For Public Mass Meeting

By a resolution adopted by the executive committee of the Seventh Street and South Side Improvement Club a mass meeting will be held at Germania Hall on Webster street between Sixth and Seventh streets, Wednesday evening, June 10, at 8 o'clock, as business of great importance will be transacted and improvement clubs and persons interested in the welfare of our city are respectfully invited to attend. Every voter and taxpayer should be present. Able speakers will be provided.

POWERED BABY IS CAUSE OF SHOOTING

Husband Is Dead by His Own Revolver; Wife Is Accused.

LOS ANGELES, June 9.—With the three-year-old baby girl who was found in the lifeless arms of her husband after he was shot through the heart last night, Mrs. Kate Schwartz, age 22 years, rested in the city jail today facing a charge of murder, while she stoutly maintained that her husband, a special policeman, had killed himself.

The shooting was the result of a quarrel over the baby, and the \$5,000 the mother received at its birth. Mrs. Schwartz, a Hungarian girl, was married to the policeman last Christmas. After that she declared her husband began to talk of giving up his position, and becoming her agent to collect rents on the property she bought with the \$5,000. His insistence on this point, coupled with her refusal to divulge the name of the child's father led to a violent quarrel last night. Schwartz was shot with an automatic pistol he used in his work. Neighbors who heard the shot broke into the house and found the man dead on a bed with the child in his arms.

Mrs. Schwartz insisted that her husband had shot himself, but the absence of powder marks on his body led detectives to believe that the woman had wrested the weapon from him and fired the fatal shot.

Pankhursts' Office Is Raided by Police

LONDON, June 9.—Another raid was made by the police on the premises occupied by the Women's Social and Political Union, the militant organization. A thorough search was made for documentary evidence of the activities of the secretary.

After the closing of the offices in Kingsway early in May, the women established new headquarters in Westminster and today the detectives succeeded in collecting quantities of documents, books and letters.

The descent of the raiding policemen was unexpected and caused great excitement among the occupants of the offices, who after being searched, were ejected. No arrests were made.

Supreme Court Near Finish of Business

WASHINGTON, June 9.—Only thirty opinions stand between the Supreme Court and the record of completing all the business taken under consideration during a year. It is believed the court will be able to prepare these opinions during the coming week and be ready to hand them down next Monday. The thirty include the grandfathers clause cases, the validity of the oil pipe line legislation and two big Western oil land cases.

Search Abandoned For Missing Vessel

NORFOLK, Va., June 9.—Search for the steamer E. J. Luckenbach, missing since May 15, practically had been abandoned, it was announced at the Norfolk navy yard last night. The cruisers Birmingham and Dixie and six torpedo boat destroyers found no trace of the missing vessel. The Luckenbach left Tampa for Baltimore on May 10 with a cargo of phosphate rock. She carried a crew of 20.

CHARGED WITH FORGERY

Raymond Harvey, a picture framer, was arraigned in department No. 1 of the police court this morning on a charge of having forged a check for \$15, which he is charged with having passed on E. A. Young, an Oakland butcher. Harvey is said to have forged the name of John W. Cochran to the check. He is out on probation for two years on a forgery case.

Suffragette Vandal Destroys Art Work

FOR AUDITORIUM BONDS BOARD GOES ON RECORD

The Fruitvale Board of Trade has adopted the following resolutions, endorsing the bond issue to complete the municipal auditorium: Whereas, The completion of a needed public institution is deemed a matter vital to a city's welfare, and Whereas, An amount equal to what has already been voted by citizens of Oakland for the purpose is needed for the completion of the People's Auditorium, and Whereas, Investigation, exhaustive and conclusive in character, has satisfied the members of the Fruitvale Board of Trade of Oakland assembled in regular session on June 6, 1914, that the completed portion of the Auditorium has been wisely planned and substantially built, and Whereas, The completion of the Auditorium will benefit all the citizens and taxpayers of Oakland, and not a special or select portion or body of the people, therefore be it Resolved, That we do show confidence in ourselves, in our fellow-citizens and in the original purpose in which the Auditorium was conceived by voting bonds on June 12, 1914, to complete the same to the amount of one-half million dollars.

By the Committee:

J. J. GLOVER,
G. J. DEERWY,
R. F. WERUM, Secretary.

The following statement is authorized by the Electrical Workers' Union:

The International Brotherhood of Electrical Workers Local Union No. 595 of Oakland, California, unanimously endorse the municipal bonds for the Auditorium, at its regular meeting held Monday evening, June 8, 1914.

TABU STYLES LOOM OVER BIENNIAL

Suffrage Resolution and Ball Gowns Occupy Minds of Club Women.

CHICAGO, June 9.—With the arrival of every train load of delegates to the twelfth biennial conference of the General Federation of Women's Clubs, the question of endorsement of women suffrage by the federation apparently assumes greater prominence. It was the leading topic in informal discussions today as thousands of club women continued to pour into the city.

Great excitement was caused in the suffrage wing late last night by a persistent rumor that the executive board of the federation had endorsed a suffrage resolution at an executive session. The rumor was promptly denied, but that did not stop its eager discussion by suffrage leaders.

More than 4,000 women arrived yesterday, according to transportation headquarters and 6,000 are expected today.

DANCES AND DRESS

The delegates will be guests tonight at a concert and the formal business of the conference will begin tomorrow. The question of dress was the subject of some informal conferences among the delegates who were busy unpacking their trunks today. It is understood that dark cloth suits or linen dresses of businesslike cut will be worn during the working daily sessions, but that a notable blossoming forth will take place at the reception at the Art Institute Thursday night.

In spite of resolutions against French styles, it is said that on that occasion many striking gowns imported from Paris will be exhibited for the first time.

PROS CLAIM VICTORY

The equal suffrage element today claimed victory in a preliminary skirmish. The action took place in the secret meeting of the general council of the federation yesterday. It was not a meeting scheduled on the program—that is scheduled for tomorrow morning—but nevertheless a majority of those present expressed themselves, it is said, in favor of allowing woman suffrage organizations to have representation in the conventions on an equality with non-political clubs.

Every train today brought delegations and the headquarters was busy with the unnumbered details connected with their welfare.

A bit of gossip was to the effect that local practical politicians, with an eye on the woman vote were working below the surface to keep the prohibition question from arising in the convention.

Delegates from Indiana have a candidate for the presidency of the federation in 1916, in the person of Grace Julian Clarke of Indianapolis. It is assumed that Clarke will be nominated in the election of Mrs. Percival V. Pennacker of Texas as president this year.

Not Ready to Name Reserve Board Men

WASHINGTON, June 9.—It was announced at the White House that it will take several days before the President and Secretary of the Treasury are ready to make known the names of the two additional members of the federal reserve board. It now seems assured that E. C. Simmons of St. Louis will be one of the members, but the appointment of Charles S. Hamlin, assistant secretary of the treasury, who had been under consideration does not now seem to be likely. It is generally believed a man will be named who has not yet been suggested publicly in connection with the board.

Suffragette Vandal Destroys Art Work

BIGAMY WIFE REPENTS FATAL BEAUTY TO BLAME

REATHA WATSON-IVYELLE CONVERSE, THE "TOO BEAUTIFUL" GIRL, WITH HER FATHER

'She Knew and Would Have Married Anybody,' Movie Actress Asserts

LOS ANGELES, June 9.—Lawrence Converse, young society man, charged with bigamy, following his marriage to Reatha Watson, the "Too Beautiful" Girl, was arraigned this morning in the police court of Justice Reeves. His examination will take place next week.

A STRANGE ROMANCE

Behind the case is one of the most peculiar romances that ever surprised a court or puzzled a district attorney. Converse, who deserted his wife and two children, declared that the girl was "too beautiful" and could lure men to their doom by her charms. She was sometime ago pronounced the most beautiful girl in the South.

The girl, whose adventures include a couple of marriages starring for moving pictures, and a few other activities, is now at the home of her parents. She declares that she was victimized by the accused man, but that she still thinks much of him.

"I left the man I had married as soon as I learned that he was Lawrence Converse," said Max Lawrence, and that he had a wife and two children," she said.

"I feel no bitterness for him. Indeed I pity him rather, and if he

bothers me no more I am not concerned whether or not he is punished by law for what he has done.

It is false that he was drinking and treating his wife as a brute, or when we were married. If he was under the influence of any drug I did not suspect it. I am sure that the Rev. Mr. Gessinger would not have married us if his appearance or conduct had indicated that he was not in normal mental condition."

"Converse represented himself as a cattleman of Mexico and talked in a way that gave the impression that he was wealthy."

"For about a week after I met him I saw him occasionally and he professed to admire me very much. Then he went away to Mexico, at least he said he was going there, and I saw no more of him."

"Monday he was out to the apartment bright and early, and still urged me to marry him. He said he would send to Mexico for his automobile and I should have the use of that. He said I could have an apartment anywhere in the city that I wanted and that he would be a kind, loyal husband."

"THEN WHY WED?"

"But I don't love you," I said. "If I should marry you it would only be because you are wealthy."

"Don't worry about that," he said. "I'll be such a good husband."

Well, I have my consent, and called my father up and told him I was to marry Max Lawrence—I had told him of Max Lawrence when I met him first."

It was arranged that mother should come in the next day—Tuesday. We got the license and met mother with a taxi when she got off the Buick car. Lawrence was not drunk—I am positive he had not been drinking since Saturday night. We had quite a hunt for a minister, and finally found the Rev. Mr. Gessinger at home and he married us. Then we came out home here for the wedding supper.

"We occupied separate rooms that night and in the morning he went in to Los Angeles to attend to some business."

"I went in on an afternoon car and he met me at Lake Shore Boulevard with a taxi. We went out to Hollywood to a moving picture studio for my suitcase and returned to the city."

Later I was told the whole story—that Max Lawrence was really Lawrence Converse and had a wife and two children."

SHE WANTED HUSBAND.

"After that I went straight to the friends with whom I stayed until I came home. Of course, I intended to stay here if the Juvenile Court people will let me—I ask only to be let alone. Father and mother want me here, and surely I can be trusted to let them take care of me."

In the effort to find Reatha, Mrs. Aletha Gilbert, first assistant juvenile officer of the city police department, caused Mrs. Bertie Hughes, moving picture actress and friend of Reatha, to be taken into custody yesterday, pending an investigation.

"I knew that Converse was a married man, and Reatha, with the st-

FLEE FROM SCENE IN AUTO

Contents of Postoffice and Store Safes Are Taken

SAN FRANCISCO, June 9.—After hindering and gagging the Southern Pacific gatekeeper, who was the only person awake in the town four experienced cracksmen blew open the safe in the postoffice at Belmont at an early hour this morning and made their escape with \$450 in cash and \$900 in store safes.

Of the coin taken \$150 was money belonging to W. A. Emmett, proprietor of a general merchandise store, who is also the postmaster and in whose place of business the postoffice is located.

Previous to the robbery the cracksmen broke into the garage of Oscar O. Gantner, of the San Francisco firm of Gantner & Matern, whose home is at Redwood city, and stole his seven-passenger Stevens-Duryea automobile in which they escaped toward San Francisco.

BIND GATE TENDER

William Anker, the Southern Pacific gate tender whose duties require him to raise and lower the protecting arms across the roadway at Belmont as each train passes during the night, was just entering his chamber in the postoffice when he was confronted by the cracksmen. Before he could raise an alarm he was seized and gagged. He was then taken to the postoffice and his hands bound behind him and his legs tied to his chair. One of the cracksmen then stood guard while the three others made their way to Emmett's store, scarcely twenty feet distant.

"Not a word was said as they forced an entrance and from the conversation which was passed back and forth between his guard and a second man who kept watch outside the store. Frequently the man who was watching him would chide the other guard for delay."

QUARREL WHILE BUSY

"These boys work like amateurs, blast them!" cried the man in one instance and in his impatience he left his post and hurried over to the store and after hurling several epithets at his pals, returned.

It was an hour later 2:30 a. m. when Anker heard the explosion which wrecked the interior of the place. It took half an hour for the cracksmen to get up their plunder and then jumping into the automobile all made their getaway. Anker believes the machine sped toward San Francisco.

Realizing that his captors had gone Anker tried the man in one instance and in his impatience he left his post and hurried over to the store and after hurling several epithets at his pals, returned.

It was an hour later 2:30 a. m. when Anker heard the explosion which wrecked the interior of the place. It took half an hour for the cracksmen to get up their plunder and then jumping into the automobile all made their getaway. Anker believes the machine sped toward San Francisco.

THEY KNEW HOW

When Archibald and Anker entered Emmett's store the interior on the spot devoted to the postoffice was almost wrecked. The safe, which had been shattered with shot and shrapnel, was badly battered and merchandise was strewn about. An inventory hastily taken by Emmett when he was awakened showed that \$150 of his money, \$300 belonging to the postoffice and about \$900 in stamps as well as a quantity of money—blankets, had been taken.

Anker, by reason of his position, is ex-officio the watchman of the town, as all of the stores are within a few feet of his shelter-house. The robbers, who were evidently old hands at the game, knew that they would have to put him out of the way before beginning operations.

It was not until 3 o'clock that Gantner discovered that his automobile had been taken from Redwood City. The theft is believed to have been the work of the cracksmen. Postoffice inspectors have already been detailed by Chief Inspector Leonard to investigate.

Gantner's machine was found abandoned on the San Bruno road between the six and seven-mile house at 9:30 o'clock this morning. It is believed that the robbers reentered and hoarded street cars for San Francisco.

most frankness "I said to Reatha, 'Why, you aren't going to marry him, are you?' It will be bigamy. But she was determined to marry some one—she would have married anybody—and so she married Converse. I don't know where she is, and she doesn't want anything more to do with her. She wished herself on me anyway, when she came to my apartments."

MECHAN AND CHRISTIAN MADE A SPECIAL 6-ROUND EVENT

Veteran Boxing Organization Will Be Host Tonight to Big Crowd.

Data Regarding Tonight's Bout

The time—Tonight. The place—West Oakland Club, Eighth and Pine Streets.

Willie Fitzsimmons vs. Monte Attell, 10 rounds.
Tom Nickola vs. Al Rogers, 10 rounds.
Willie Meehan vs. George Christian, 6 rounds.
Kid Nabisco vs. Whitey Smith, 4 rounds.
Joe Heavyhitter vs. Paul Cobb, 4 rounds.

REFEREES.
Main event—Tohr Torin.
Others—Lloyd Baker.

THE TIMEKEEPER.

The West Oakland Club, veteran boxing organization of the bay cities, will play host tonight with a corking swat card to what is hoped will be a substantial audience. Considerable new blood has been injected into the old organization, with the result that it is blossoming out tonight with an ambitious program, and is ready to come back with another good show if it gets by with this one. Judging from the way the public has warmed up to the matches scheduled for this evening and the wagering that has been done about town, there will be a record house at Eighth and Pine streets tonight.

A flood of money was unceremoniously thrown at the West Oakland Club by the public in the last part of the night. The new blood has formed a pool on Fitzsimmons, but did not have enough to buy the Attell bout. The crowd was estimated to be 10-15 with a prospect of 20-25 before the fight.

Fitzsimmons is all ready for the battle, having had a little training with a little boxing on work yesterday, and looks better than for any of his past matches. He is a real fighter, and will give the crowd a real show. The crowd was estimated to be 10-15 with a prospect of 20-25 before the fight.

GOSSIP OF THE RING

CHICAGO, June 8. — Tom Walsh is looking for a fight involving Joe Mandel and Paul Brown in the northwest. It is expected that the fight will be held in Chicago in the near future.

Joe Willard, the Kansas heavyweight, is on his way to Los Angeles, where he is expected to meet Tom McManis in a long fight. The fight is expected to be held in Los Angeles in the near future.

SPOKANE PURCHASES WYNN NOYES

SPOKANE, June 8. — Wynn Noyes, a member of the Spokane Northwest League team, has been purchased by the Spokane team. The purchase price was \$10,000.

A consignment of 150,000 trout fry arrived at Oakland pier this morning in two fish and game commission fish distribution cars. The fry are to be distributed to the various fishing clubs in the area.

WOMEN RACQUETERS AT PHILADELPHIA

PHILADELPHIA, June 8. — Weather was in the women's national tennis tournament at Philadelphia. The tournament is expected to be a success.

AL ROGERS OF SAN FRANCISCO, WHO MEETS THE OAKLAND MIDDLEWEIGHT, TOM NICKOLA, IN A TEN-ROUND BOUT TONIGHT AT WEST OAKLAND.

GUNNER SMITH TRYING BANTAM MATCH TONIGHT FOR MATCH WITH CARPENTIER

\$25,000 Purse Offered by Big London Syndicate for Match.

The white hope bout between Gunner Smith and Georges Carpentier is still in the preliminary stage. Both London and Paris promoters are bidding for the match, and in view of the fact that Paris would provide a larger house for a midsummer bout, and that the French people are very enthusiastic over their champion, the latter place seems the more logical for the meeting.

The London crowd has been estimated at 10-15 with a prospect of 20-25 before the fight. The fight is expected to be held in London in the near future.

DIAMOND FLASHES

By L. B. GROSS.

An attempt to catch a baseball dropped from the sky by a pretty San Francisco beauty, seated in an aeroplane with Miss Christofferson as pilot, will be one of the big stunts staged at Ewing Field today in connection with the ball game to be played between the Seals and Angels for sweet charity's sake.

The program will be the driving contest between two of the Seals' star batsmen and two of the Angels' stars.

As an additional attraction, Manager Dillon of the Angels has promised a contest in charge of the affair, to send his boy wonder, Ehrke, to the mound, and if the lad is in form, he should give the Seals a real battle.

Pitcher William James is quite a popular character in major league baseball this season. There are only three of them, and recently, strangely enough, all three got into action the same day.

HERE'S DEFINITION OF AMATEUR

LYONS, France, June 9.—The definition of an amateur was agreed upon today by a committee of the International Amateur Athletic Federation. It follows: An amateur is one who competes only for the love of the sport.

One who receives money or other pecuniary reward in any sport considered as athletic sport makes the competitor a professional in all sports considered as athletic sports.

One who receives money or other pecuniary reward in any sport considered as athletic sport makes the competitor a professional in all sports considered as athletic sports.

CHRISTIAN, 'CINDERELLA' OF THE COAST LEAGUE

Will Be Queer Tribute to Destiny if the Silent One Makes Good

By BILLY FITZ.

WHAT an odd little tribute to destiny it will be if Tyler Christian proves to be the baseball Moses who will lead us out of the darkness and into the Promised Land! Tyler, the Silent; Tyler, the Fox; Tyler, the Cinderella of the Coast League, weaving his managerial dreams to find them come true just when it seemed the prospect was least promising.

Christian made no effort to conceal the fact that he would like to have managed the Oaks. He honestly believed himself qualified for the job, but when it appeared that the public was trailing along behind a Mize boom, Tyler gallantly joined in the chorus for his friend and supported Mize in every way until he was reduced to death's door.

CAREER ALMOST TERMINATED. There were many who feared that Christian's career in baseball had practically been terminated by his illness, and they rejoiced when he showed up in the spring apparently as strong as ever, but with grayer hair about the temples to remind him of his narrow escape.

Apparently Tyler thought so, too, for he said that his career was over. There is a general feeling that Tyler Christian is destined to make good. The situation snafus up that way; it is like a story in a book where the hero finally gets his opportunity; you have a feeling that he is going to make good, and he usually does.

Christian has everything to gain and nothing to lose. The team if it changes at all, must change for the better. It could hardly do any worse. Then there are too very good reasons why the team will play better ball. First, they will want to prove that it was Dean who was holding them back, and second their friendship for Christian is such that they will play their heads off.

Christian has everything to gain and nothing to lose. The team if it changes at all, must change for the better. It could hardly do any worse. Then there are too very good reasons why the team will play better ball.

Tuxedo—A Hit with the Hit-Makers

HUNDREDS of the snappiest ball players in the country—the clean-cut athletes who provide Americans with their greatest outdoor relaxation—enthusiastically endorse Tuxedo. This is the kind of endorsement that carries a convincing punch.

These men know that Tuxedo is a mild, pure tobacco, which can be smoked all day with pleasure. Tuxedo cannot bite the tongue; it burns freely and smoothly, giving a cool, sweet smoke.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

From the scoreboard man to the magnate in the private box, everybody on the grounds is "catching on to" the supreme merit of Tuxedo.

Tuxedo is made from the finest, mildest leaves of high-grade Burley tobacco, so treated under the famous original "Tuxedo Process" that it burns slow and cool, with a delightful flavor and aroma.

The "Tuxedo Process" makes it impossible for this perfect tobacco to bite or sting the most delicate throat or tongue.

Tuxedo has many imitators—in outward appearance. It has no equal in the pipe or cigarette.

YOU CAN BUY TUXEDO EVERYWHERE

Tuxedo grows with gold, but is not gold. It is a tobacco that is always there for you.

FRED CLARKE

"I'd advise every ballplayer to smoke Tuxedo. I do, always. I know of no other tobacco that gives the satisfaction that Tuxedo does."

JIMMY ARCHER

"Tuxedo is my idea of a good smoke in every way—coolness, mildness, purity. Tuxedo is a winner."

JIMMY ARCHER

"Tuxedo gives a cool, mild smoke, and never affects the wind. Tuxedo is a tobacco that's always there for you."

Tuxedo grows with gold, but is not gold. It is a tobacco that is always there for you.
